For information of San Francisco former Essex County psychologist [REDACTED] advised after examination of [REDACTED] in 1968, that he was of average intelligence, however, was suspicious, had impaired judgment, was highly immature and childlike, and reflected a severe lack of acceptance by more mature males of his peer group. SUBJECT: HEARNAP

Memorandum R. E. Gebhardt to Mr. E. S. Miller dated March 4, 1974, advised that a "think tank" group had been initiated within the FBI to explore and define possible potential problem areas in connection with the Hearst case.

This group has met on various occasions and attached is a memorandum which is the result of this committee's work. While not all inclusive the memorandum does define potential problem areas.

This committee will continue to meet to explore any other potential pressing problem areas.

That the attached be routed to the General Investigative Division for handling in any manner it sees fit.

HEARNAP

"Patty is alive. We will release her unharmed after receiving safe passage to Libya. Furnish us a plane and crew and on arrival in Libya we will advise of Patty's location."

Such a demand could be the next coming from the SLA. Logically, the subjects could most safely abandon the victim and head for any sanctuary they desire. They may feel, however, that the borders are sealed against their escape and they must use the hostage to extradite themselves from their current situation.

The FBI does not control airplanes or relations with Libya and it is not within our power alone to comply with such a request. Probably the demand would not even be directed to the FBI but rather the Hearst family and based on past experience, Mr. Hearst would undoubtedly endeavor to do all within his power to comply with the demand. The FBI will inevitably be drawn into the situation since it is through our influence and recommendations that such a plan could be complied with or not. If the demand is fulfilled, the victim may be returned safely but at the cost of setting a precedent which will face us time after time in the future. If we refuse cooperation, the victim may be killed and the FBI blamed for heartless disregard of the victim's life.

If we go along with the plan, intending to frustrate the escape at an opportune point, we run the risk of another Munich disaster should any mistakes be made along the way. These are three alternatives. None of them is completely desirable; each has risks which must be weighed.

Indeed faced with such a demand, can we be sure that the subjects really seek escape rather than a Munich confrontation resulting in their martyrdom.

The subjects want publicity. They claim to be acting to further a "cause."

In view of the subjects' fanaticism, would they really seek escape, or on a similar basis would they really ask for amnesty since they might feel either course would be surrendering their principles.

Such individuals cannot really be judged by our past experience with the criminal element since their motivation is irrational. Whatever their demand, particularly if it results with a confrontation-type situation, we must anticipate that their objective is not really as stated. We must be prepared for violence and an effort by the subjects to sacrifice themselves for their cause.

While we must judge our response in this case on the individual merits and facts of this investigation, we must also keep in mind that by consenting to the demands of these subjects in a hostage situation we would be opening the door to a broadening use of this and similar techniques by other radical groups.

The following is a product of a four-man committee appointed to define some potential problem areas in connection with the Hearst kidnaping.

Ordinary logistic and investigative problems have been ignored in this paper since the Bureau's background and experience should be adequate to provide a basis for resolving the ordinary type problems which are bound to arise in any major criminal case. Since the subjects' conduct in this case obviously does not follow the usual criminal pattern, the committee has considered hypothetical possibilities which may conceivably confront the Bureau although admittedly the possibilities in some instances may seem remote. The problems set forth are in five parts. The potential situation and a number of different possibilities in that context are first listed and then followed by a commentary of brief analysis.

#### A. UNUSUAL RANSOM DEMANDS

The kidnapers have already made one unusual ransom demand -- food for the poor. What would be the FBI's recommendation and/or reaction if they demanded other forms of ransom such as:

1. Gold
2. Valuable gems
3. Valuable artifacts
4. Weapons or explosives
5. Government policy considerations such as changes in low-cost Government housing, non enforcement of laws involving marijuana or other drugs, special meetings of legislature to enact legislation kidnapers feel desirable and so forth.

6. Interference between a consumer and the businessman to demand so-called consumer reforms or to demand planning changes for environmental considerations.

### COMMENTARY

Unusual ransom demands could logically be divided into demands that could be met and those that could not be met without violation of current laws or regulations. It should also be considered that although some demands, while not illegal, could not be met because the item or material was not accessible as the "Crown Jewels."

Can gold, valuable gems, or artifacts be obtained by victim's family? Are possession or transportation of such items in violation of existing laws? Does the family have the means to obtain such items? Should the Bureau assist in locating the items? Should we take part in any negotiations to acquire them? Might the items be destroyed by kidnapers as a gesture? Could copies of the items be substituted? How might some of the items be marked, i. e. gold could be recast?

Should the Bureau ever take part in helping to obtain or distribute any illegal item such as weapons, explosives, chemicals, drugs, or narcotics? It is illegal to possess military explosives outside a military base. Federal laws require a Federal license to purchase munitions. Interstate Commerce Commission rules regulate transportation, and storage of explosive devices. Local laws and regulations may control purchase, possession, storage, use, and disposal of such devices.

In the event the demands are for alterations in Government (local or Federal) regulations or for changes in any law should the Government refuse? Should it take the same approach if the demand is for a government body to consider or act on legislation the kidnapers feel desirable? Would laws making such demands or attempt at complying with such demands a violation be desirable? If such demands are met could kidnaping demands run our legislative bodies?

What should be the Bureau's position or reaction if the ransom demands become so unusual and unforeseen or so continuous or demanding that the family cannot or do not wish to meet particular demands or any additional demands?

If any of the above demands are met will the kidnapers continue to make additional demands? Up to what point will additional demands be considered?

If a victim's family is in a position to obtain the unusual ransom demand without assistance from Federal or State Government and such demand does not result in danger to another individual or represent a threat to our form of government or the economic condition of our government, it is felt the Bureau should make no recommendation or comment.

If the unusual ransom demand does involve one of the areas mentioned above, it seems it would be incumbent upon the Bureau to make a recommendation against such action as our responsibilities are to uphold and enforce the law, not bend or change in any form the law. If such a demand called for non enforcement of laws, etc., it is believed the Director of the FBI could not lawfully accede to a demand unless so ordered by the Attorney General of the United States or the President of the United States.

It would appear that this Bureau should not become involved in assisting in obtaining the ransom demand whether that demand would involve the breaking of a law or not.

#### B. ASSASSINATION MISSION

Subjects could use victim as cover for an assassination mission. What would the Bureau's reaction and/or recommendation be if:

1. Subjects demand confrontation with Bureau officials.
2. Subjects demand confrontation with other Federal Government officials.
3. Subjects demand confrontation with State officials.
4. Subjects demand confrontation with another member of the Hearst family.
5. Subjects demand confrontation with a prominent individual from the private sector.
6. Subjects demand confrontation and make specific demands of a foreign diplomat or representative of a foreign power in exchange for victim.

## COMMENTARY

It can be anticipated that the subjects in the Hearst kidnaping case or any other major hostage-situation might demand a personal confrontation with various individuals upon threat to harm the initial victim. This would probably occur more readily if the subjects were "cornered" with the victim or possibly even during a period where their presence is unknown. It must be kept in mind when dealing with a "radical" group that their's might be a quasi-suicidal and/or assassination-type mission in this regard. We have always maintained that the safety of the victim is of paramount importance in our over-all operations. Even though there might be no outright request for an exchange of hostages, we must consider the situation that the mere fact that an "eye-to-eye" confrontation is effected could most easily turn into the sudden taking of an additional hostage or the intentional killing of the specified individual while the original victim has not yet been liberated and possibly is being used as a "cover" or even "bait." With this in mind we should consider the alternatives available should such a personal confrontation arise or be demanded.

There are a multitude of "classes" of individuals who might be potential recipients of such a demand. Most of them, undoubtedly, would be prominent and influential people in their own fields such as Bureau officials, Federal or state government officials, wealthy industrialists, celebrities, members of the media, representatives of foreign governments, civil rights leaders, or a member of the victim's family, to name just a few. When such a demand is received, unless there are drastically overriding circumstances present, it would seem our first responsibility would be to immediately alert the individual whose presence was demanded so that appropriate protective measures might be instituted. Although the Bureau historically has not been a protective-type agency, if such a situation arises there might be instances where it would be inevitable that we assume such a role in addition to that protection which might be afforded by local authorities.

Many other Government and private agencies and organizations potentially might be involved in determining whether one of their personnel would participate in such a meeting with the subjects even if a demand was received. Arrangements in this regard cannot be made instantaneously.

and we should be so prepared insofar as negotiations along these lines with the subjects. It might be anticipated that even the presence of the President might be demanded. He, in all likelihood, would decline to appear but the U. S. Secret Service would, undoubtedly, become involved to a great extent in view of their protective responsibilities. If other Federal or military officials are involved, a policy decision of the particular departments will need to be obtained. If a state official's presence is requested, similar decisions will have to be made at that level. If the Director or other Bureau official's presence are demanded, we will have to make a decision in this regard weighing all the factors involved at the time. Even if the particular individual agrees to a meeting with the subjects, we should continue to completely control the situation and handle it extremely cautiously, for if something occurs it will, undoubtedly, be the Bureau which is criticized even though the person agreed to meet with the subjects.

Our responsibility for the safety of persons involved in such a situation does not only lie with the initial victim but with the individual whose presence was demanded. Regardless of other factors involved, this individual and he alone must make the ultimate decision whether or not to follow through with the subjects' demands for a face-to-face meeting. We should be in a position to offer expert advice in this regard and completely brief him concerning the background of the particular case and the hazards involved so that he can make an intelligent decision.

The individual's background should be completely evaluated (as time permits) in an effort to determine any possible complicity in this matter. Facts developed might lead to information which could more readily verify a possible intent by the subjects to harm either this individual or the initial victim.

Should the decision be made for an individual to meet with the subjects, we are, undoubtedly, going to be on the scene in a way dictated to a certain extent by the nature of the demands. The safety of our personnel should be uppermost in our consideration of any "action" to be taken during such coverage. A decision may have to be made at this point by the Bureau and the victim's family as to whether an Agent might stand in for the person who was requested. Such could only be done after weighing all of the circumstances known at the time.

There are so many variables involved in determining whether we should recommend such confrontations, if demanded. We should be very circumspect in doing so even though some investigative or intelligence

gain might be derived therefrom. We could, ourselves, be put into somewhat of a bargaining position insofar as time, place, etc., of such a meeting is concerned. Generally speaking, the subjects would feel they had the upper hand so long as they had the victim, but if we could get involved in certain negotiations it would surely give us, if nothing else, time and possibly more information concerning their intentions, identities, etc. Stalling for time should be a major factor on our part in dealing with the subjects in these type situations.

If there is an actual assault during such a confrontation, we are going to have to respond positively. If the victim is present or his whereabouts is still unknown, there is always the possibility of his being harmed. We will have to decide whether to forcibly attempt to recover victim at that time in view of the subjects' overt actions. The victim's parents must be consulted but we must consider what the point will be beyond which we can no longer be bound by what they say insofar as our actions are concerned. This could be comparable to the airline hijacking situation where we will take no action to abort such a hijacking without the prior agreement of the command pilot and airline except in those instances where there is a dire threat to our national security or circumstances of an extremely critical nature where we are unable to communicate with the pilot or airline company in order to reach a decision. Perhaps an Agent might have been killed on the scene and we, therefore, feel we are more justified to terminate the incident then and end the risk of further bloodshed even if in the process the victim is harmed. Such a violent incident on the part of the subjects would, undoubtedly, give us greater insight as to their intent concerning their ultimate safe return of the victim. Under these circumstances we might be more justified in ultimately not being swayed by the wishes of the parents where there are potentially many other lives which might be lost.

The subjects might attempt to draw a prominent person out into "the open" for some public appearance in an effort to more easily carry out an assassination attempt. If such a demand is received and the person desires to follow through with it, again extreme protective measure should be promptly taken to guard against such a possible attack.

In any such demand made of a nonvictim, we must always consider the possibility that harm to this individual might be the ultimate goal of the subjects. In this regard we should insure that he is kept fully aware of all the factors involved and that he, himself, intelligently makes the final decision whether to comply with such a demand.

### C. HOSTAGE SITUATION

The kidnapers have made a point of claiming victim is a prisoner of war. For any number of reasons, subjects could decide to release victim in trade for another hostage or hostages. They could also conduct additional raids to acquire more prisoners and thus achieve broader leverage.

What should be our reaction and/or recommendation if:

1. Subjects offer to trade victim for Bureau official.
2. Subjects offer to trade victim for another Federal Government official.
3. Subjects offer to trade victim for a State official.
4. Subjects offer to trade victim for another member of the Hearst family.
5. Subjects offer to trade victim for a prominent individual from the private sector.
6. Subjects demand a foreign diplomat or representative of a foreign power in exchange for victim.
7. Other raids occur attributable to subjects in which additional victims are captured and held. Should we continue our present low-key posture if such a pattern develops? Do we reach a point when those already kidnaped must be considered expendable to prevent the kidnaping of additional victims or to prevent other threats to human life?

### COMMENTARY

Although there may be circumstances which might cause us to consider the trade of a Bureau official for a kidnaped victim, it is believed that this would generally not be very wise or desirable. To exchange a Bureau official for a victim would offer more disadvantages

than advantages and the risk involved would not normally justify the advantages. It is recommended that if such an offer were made it be emphatically denied unless formulation of a plan could be devised enabling the Bureau under a pretense of exchanging hostages to gain freedom for original victim and at the same time avoid Bureau official from actually becoming a hostage.

Even though it is believed undesirable to exchange a Bureau official for a victim, it is felt that the following possible advantages to such a position should be mentioned:

a. Bureau would have more control over the case. While safety of Bureau official would be paramount as with original victim, there would be less pressure on part of original victim's family and it would prevent victim's family from possibly withholding information from the Bureau. Also, information from original victim regarding kidnapers, their identity, hideaway, vehicles, etc., could be instrumental in plan to free the second hostage and successful conclusion of case.

b. Some measure of public pressure would be removed. If Bureau had to take more active measures against kidnapers which might result in danger to the hostage in order to prevent other threats to human life, public opinion would probably be that the Bureau official being held as hostage would have realized that this might occur prior to his volunteering to the substitution.

c. A Bureau official could perhaps offer some help from within that an ordinary victim could not, especially if there were prearranged contingency-type plans. Bureau official also if released safely would make better witness as original victim or original victim's family may decide not to testify.

d. Kidnapers may be less inclined to kill Bureau official than original victim. This would be possible as a result of the belief of some individuals that once you kill a cop all cops of the world go all out with no holds barred for revenge.

The following disadvantages, however, result in the belief that we should recommend against exchanging a Bureau official for a kidnaped victim or political hostage:

a. We would be setting a precedent of acceding to kidnapers or terrorists demands.

b. We may be playing into the hands of kidnapers or terrorists as their original intent may have been to obtain a Bureau official as a hostage.

c. Kidnapers or terrorists might be more likely to kill a Bureau official being held as hostage rather than original victim. The Bureau official represents the establishment. It would also be realized that he would be more of a threat to them if released after demands were met. The Bureau official would probably have no sympathy from the kidnapers whereas the original victim may have gained some sympathy due to age or innocence from being involved with the establishment.

d. A Bureau official would have valuable knowledge of the Bureau and classified-type information which might result in the use of torture to gain this information for terrorism within the United States or even perhaps on behalf of a foreign government.

e. Kidnapers or terrorists may feel that having a Bureau official as hostage would give them a better bargaining position and may lead to more harsh demands.

f. If money is or continues to become a goal of the kidnapers or terrorists, would there be legal complications if the Federal Government provides ransom money?

g. There would be a problem of liability of the Federal Government if a Bureau official were injured or killed.

h. There might also be the legal question of whether the Bureau would be violating law by "cooperating" with kidnapers or terrorists.

i. Morale of FBI personnel may suffer from the result of permitting an FBI official to volunteer to be exchanged as a hostage.

With regard to any other exchange of hostages except one involving Bureau personnel we are in a position where we gain no advantage but risk the loss of a prominent individual. Accordingly, the Bureau would seem to be in the position of having to recommend against such an exchange.

Circumstances may permit our substituting a Bureau Agent for the new hostage demanded and permit us to arrange cover of the proposed exchange. In this situation we might participate in the negotiations but with only the full realization that our substitution may be detected resulting in harm to the victim.

We may indeed reach a point when the victim or victims' lives must be considered expendable. If the subjects begin a campaign of new "raids" taking several additional hostages. If these raids result in loss of human life or if the SLA begins to use violent tactics such as sniping, blowing up buildings and so forth we would be obliged to take the wraps off our investigation and make every endeavor to apprehend the subjects as quickly as possible. This would be the situation in which the potential is great for loss of many lives as compared to the loss of a few. Hopefully, that is not the type of decision the Bureau will be forced to make.

#### D. SUICIDE MISSION

Using the victim as a cover subjects could embark on a suicide mission. What should the reaction and/or recommendation of the FBI be if:

1. Subjects with victim obtain a small aircraft or helicopter and with victim aboard appear to be approaching a critical area such as the White House, Capitol, Pentagon, Governor's Mansion, etc.
2. Subjects demand meeting at a specific place with victim and demand presence of a number of individuals such as Governors, State Attorney General, Director of the FBI, Secretary of State, etc. In mass gatherings of this type there is always the possibility subjects would have an explosive to destroy all present, including themselves.
3. Subjects appear with victim at a public place and prepare for self-immolation similar to Buddhist practice in Viet Nam.

## COMMENTARY

To estimate the potential of the subjects' embarking on a suicide mission we should compare whatever background information is available regarding suspects in Hearnap with the characteristics of a suicidal personality. Adding the results of this comparison to the opinion [REDACTED]

[REDACTED] that Donald DeFreeze did not want to return to jail and might be expected to "shoot it out" with arresting officers; the comment of Field Marshal Cinque, who apparently is DeFreeze, on the first SLA tape that he was prepared to die in this effort; [REDACTED]

[REDACTED]

the report that the females apparently involved with the SLA are under the complete dominance of the black male leadership; and the cumulative effect of the situational stresses and inner tensions being experienced by all the subjects (who have been hiding with the victim for over several weeks now) would provide some indication of the probability the subjects might attempt a suicidal mission. As investigation to date suggests the possible involvement of a number of lesbians with the SLA, it also might be useful to determine if there is any correlation between such sexual deviation and suicidal tendencies.

Regardless, considering the predictable unpredictability of terrorists, it is not unthinkable that one or more of the subjects, induced by narcotics, an aberration of personality, or seeking an act of "creative madness" (expounded by revolutionary terrorist Frantz Fanon) which would gain publicity for the cause and display that the SLA is fully prepared to carry out its threats, might attempt something similar to the examples offered. Of necessity, in a suicidal situation the safety of the victim may no longer be paramount given the possibility that other innocent people would be killed if the suicidal act is completed.

Presuming the Bureau, when presented with any of the below-listed situations, may have to assume the major or entire responsibility for effecting the arrest of subjects involved, certainly very serious consideration must be given to the advance obtaining of arrest warrants for both known and unknown parties. ("John Doe" type warrants)

The Bureau's options in situations numbered 1 through 3 mentioned below are not considered to be all-inclusive:

1. Subjects with victim obtain a small aircraft or helicopter and with victim aboard appear to be approaching a critical area such as the White House, Capitol, Pentagon, Governor's Mansion, etc.

The proposed responses assume we have been presented with a fait-accompli and cannot prevent the subjects' obtaining an aircraft. (With the unlikelihood of advance notice of a suicide flight prior to its actual beginning, an attempt would have to be made to locate the aircraft and site of departure in order to prevent the effort.) Though it would be difficult for the subjects in this matter to attempt to crash into a Government building in Washington, D. C., presuming the victim is still in California and considering the distance involved, the responses offered below would pertain to these buildings as well as those of comparable significance in the incident's setting. Initially, it would be necessary to ascertain and alert whoever had protective responsibility for the apparent target and also alert necessary medical, fire and police authorities to be available.

#### RESPONSE

Presuming the presence of a radio in the subjects' aircraft, utilize radio (through air control, chase planes, etc.) to maintain contact with the subjects to make an ongoing assessment of their intentions and to warn them of terminating action planned by the authorities if a suicide crash into such a building is attempted. Dependent on circumstances as presented, decision will have to be made as to alerting of the United States Air Force for participation.

#### PRO

Warning subjects of response intended could discourage a suicide attempt and would be a "good faith" gesture to display an unwillingness to employ force as long as other options remained open.

#### CON

Forewarning the subjects of the response intended might facilitate their taking evasive action.

## RESPONSE

Though we would probably not have protective responsibility for a targeted building, we would recommend use of force to disable the aircraft or kill the pilot. Perhaps advance decision should be made as to which agency of local law enforcement or at Federal level should be charged with ultimate decision in this.

### PRO

Disabling the aircraft short of its target might save the lives of innocent persons in the building and possibly those of the victim and subjects.

### CON

In a situation where we have no jurisdiction we should not interject our opinions; shooting down the aircraft might result in a crash which would kill innocent people away from the target; the suicide attempt might be a bluff; any lives lost by the subjects' effort would subsequently be seen as their responsibility -- any lives lost because of action taken by authorities, would subsequently be attributed to the authorities.

## RESPONSE

Utilize other aircraft to force the subjects' craft into a neutral setting where forced landing can be brought about.

### PRO

Prevent any attempt at a suicide mission and might present situation where subjects could be successfully apprehended and victim rescued.

### CON

Might provoke the subjects into taking hostile action against the victim; might endanger the lives of personnel in support equipment and/or result in potential damage or destruction of their equipment.

2. Subjects demand meeting at a specific place with victim and demand presence of a number of individuals such as Governors, State Attorney General, Director of the FBI, Secretary of State, etc.

Because of the necessity for establishing a meeting place at a specific time with specific individuals, this situation presents possibility whereby negotiations could be continued with the subjects. As long as negotiations are continuing it allows for numerous possibilities for other actions designed to result in subjects' apprehension and victim's release. If a meeting place is specified, this allows for the prior alerting of individuals with expertise in explosives, medical personnel, firefighting, Bureau SWAT teams, or whatever might be deemed necessary to the circumstances.

#### RESPONSE

Complete rejection of meeting.

#### PRO

Meeting would establish bad precedent for future developments in this situation or any other similar kidnaping

#### CON

Could precipitate immediate harmful action to the victim.

#### RESPONSE

Recommend that the meeting be held.

#### PRO

It would allow continued negotiation (possibly through negotiation as to which of the requested personalities could attend as opposed to complete acceptance of those demanded by subjects); allow for presence of psychiatric personnel to observe subjects' behavior firsthand and who might during negotiation be able to affect subjects' attitudes or convince one or more of them their contemplated action is not to their best interest; places victim at a known location thus enabling positive efforts designed to secure her safe release and capture of subjects involved.

## CON

Increases the number of potential victims available to subjects; increases the number of persons involved in negotiation. (The Bureau should not be in a position of directing personalities to appear as requested since we cannot guarantee their safety.)

3. Subjects appear with victim at a public place and prepare for self-immolation similar to Buddhist practice in Viet Nam.

This situation presents us, presumably, with little or no advance knowledge of the intent of the subjects prior to their appearance with the victim at a site preselected by them designed to afford their proposed plan with maximum potential for success. Initial response would be to alert the appropriate medical, fire, police authorities and Bureau SWAT teams to insure their availability in the vicinity and enable on-the-spot assessment of the situation with view to negating subjects' plans.

## RESPONSE

Prompt coverage of the incident with adequate personnel and equipment (including asbestos suits and foamite equipment) to take necessary action.

## PRO

Secure the release of the victim and effect the apprehension of the subjects.

This situation presents us with no other alternative.

## E. DEMANDS FOR AMNESTY

Since subjects claim to be a military organization, what should the FBI's recommendation and/or reaction be if:

1. Subjects demand recognition as a legitimate military offensive against the United States and demand treatment of their members captured pursuant to Articles of War and Geneva Convention.

2. Subjects demand release of their two members facing murder charges in California.
3. Subjects demand release of other specific individuals in State custody in any of the fifty states.
4. Subjects demand release of specific individuals presently in custody of the Federal Government.
5. Subjects demand release of a category of prisoners in a specific locality or throughout the United States such as "political prisoners" or prisoners who come from deprived backgrounds.
6. Subjects demand amnesty for all Viet Nam selective service violators and military deserters.
7. Subjects offer return of victim for complete amnesty for all those involved in kidnaping plot.

#### COMMENTARY

The SLA is not an army in the military sense. We are able to acknowledge no more than that they are a guerrilla organization and to accord them any type of official recognition tends to remove the onus from their illegal activity. They are a bargaining force only because they hold a hostage. Any agreements made are through duress because of the threat to the life of the victim. An agreement made under such circumstances would neither be legally nor morally binding.

Obviously, demands for amnesty or pardon for prisoners either State or Federal custody are not within the power of the FBI to grant. The Governor of California has already indicated he would not consider releasing the two SLA prisoners and undoubtedly no other jurisdiction would succumb to such demands. Should we reach the point where the FBI's recommendation is requested regarding demands for release of prisoners, our position must be against such release. To succumb in this instance would be precedent setting opening the door to terrorist tactics, kidnaping, and hostage situations whenever any radical group desired release of other prisoners. On the same basis we cannot recommend amnesty for military deserters and selective service violators in return for the release of the victim since this would open the door again to such tactics being used whenever a desperate minority seeks any goal they desire.

If the subjects seek amnesty for all involved in the plot for the return of the safety of the victim, we are faced with the same moral decision. In spite of the temptation and desire to obtain the safe return of the victim at any cost, the FBI should not be a party to any agreement which can only result in a proliferation of similar future problems.

FROM DIRECTOR, FBI (7-15200)

(Attn: Mr. Cahill)

HEARNAP.

RESFNITEL APRIL 9, 1974.

RENITEL INDICATED THAT SPECIAL AGENTS (SAS) FROM RECEIVING OFFICES WERE TO BE ROTATED FROM HEARNAP ON APRIL 17, 1974, UPON ARRIVAL OF REPLACEMENTS FROM THEIR RESPECTIVE OFFICES, UACB.

THE BUREAU DOES NOT CONCUR WITH ROTATION OF SAS ASSIGNED TO THE HEARNAP INVESTIGATION ON A ROUTINE SCHEDULED BASIS. IT IS REALIZED THAT FAMILY EMERGENCIES, SUBPOENAS OR OTHER EXTENUATING CIRCUMSTANCES MAY ARISE WHICH WOULD REQUIRE SAS TEMPORARILY ASSIGNED TO SAN FRANCISCO TO BE RETURNED TO THEIR REGULAR OFFICE OF ASSIGNMENT.

THE ROTATION OF AGENTS WHICH YOU RECOMMENDED IN RENITEL IS THEREFORE NOT APPROVED.

MEMORANDUM FOR MR. CALLAHAN  
MR. JENKINS  
MR. MILLER

*Hearnap*

I have just had a memorandum sent me by Assistant Director Wannall in which consideration was given to situations which might arise in the Hearnap Case. I think it was splendidly done and have sent you a copy of my remarks to this effect.

In the consideration of this write-up, particular attention is paid to possible problems which might arise suddenly and be particularly difficult because of a lack of preparation for such contingencies. In going over these problems, I think the three of you should review such offerings and see if there are any more definitive answers which might be given and thereafter submit to me your analysis. Were this not to be done, it could be we would have policy develop in a rather haphazard way, but on the other hand, with the responses added it would give us a more meaningful procedure and solidify our thinking in these regards. In recent developments in the Hearnap Case, a statement appeared in the Washington Post to the effect that SAC Bates had given some support to an amnesty request for the kidnappers. To forestall such a conciliation possibility, perhaps we should set out a rigid rule regarding such contingencies and when we are in a discussion with the parents or other relatives of a victim, these can be reviewed for their guidance in the event it comes up in the negotiating procedures. I recognize there are many things which are now discussed with such people, however, am of the opinion the relatives probably could be guided a little more if they had the benefit of our experience and suggestions. An example occurred in the Hearnap Case where it was felt several weeks ago that Mr. Hearst might well have been in a better negotiating position had he taken a firmer stand. As it is, the subjects have control and they apparently have now settled on the conversion of the victim into their way of thinking as the ultimate answer to their problem as to the disposition of the victim. I say "disposition" in the sense that they apparently feel through this procedure they can proceed with a fair degree of immunity.

## 'Getaway Time' Offered, Attorney Says

# FBI-SLA 'Deal' Reported

By Leroy F. Aaron  
 Washington Post Staff Writer

SAN FRANCISCO, April 5

—The FBI considered giving members of the Symbionese Liberation Army 48 hours "getaway time" if it agreed to release Patricia Hearst, a San Francisco attorney disclosed today.

Vincent Hallinan, a lawyer long associated with left-wing causes, told The Washington Post he participated in a day-long conference nearly two weeks ago at which the strategy was discussed.

The meeting took place March 30 at Vacaville Prison, some 45 miles east of San Francisco, where Clifford (Death Row) Jefferson, an SLA sympathizer, is serving a life term.

Present besides Jefferson were Hallinan; Randolph Hearst, Patricia's father; Charles Bates, FBI agent in charge of the San Francisco region; Raymond Procunier, director of the California Department of Corrections, and the Rev. Cecil Williams of San Francisco's Glide Memorial Church.

Jefferson asked for the meeting, which resulted in a letter to the SLA signed by Jefferson and two other inmates urging it to begin negotiations with Hearst for the release of Patricia. The SLA is believed to have been spawned at Vacaville through a prisoner's self-help organization.

In the course of the discussions, Hallinan recalled today, "I got the FBI to agree they would allow 48 hours after the girl was delivered to let people escape. Bates said he couldn't guarantee what his superiors would say and couldn't control the local police. But he made it clear that an effort would be made to give leeway."

Hallinan said he and others tried to communicate to the SLA the proposed FBI effort but were frustrated when two SLA members in custody, Russell Little and Joseph Remiro, refused to see Hallinan. The effort, Hallinan now believes, may be moot.

He said he is fearful that Patricia Hearst is dead and that the most recent tape of her voice — the first one that has been undated — may have been made before she was killed.

Hallinan is one of three trustees overseeing \$4 million in Hearst Corp. funds being held in escrow, pledged to be

used for food donations to the poor once Miss Hearst is released.

Bates, the local FBI chief, conceded that various options, including a lead-time offer, were discussed at the Yacaville meeting. But he insisted, "I gave no assurance. This was a bull session. A decision like that would have to be made somewhere else. We would have to hear first what the SLA wants, to give up Patty. Then, it would have to be run past the FBI, the local police, the DA's office and the whole gamut of authorities."

It had long been rumored that Randolph Hearst would be agreeable to an arrangement that would give the SLA an escape route in return for his daughter. But until now it was not known that the FBI was considering such a course.

Bates said he is assuming that Patricia is still alive. Asked if the FBI knows where she is, he replied, "Not at this moment."

Did you ever know, Bates was pressed? "I'm not going to comment. To telescope what I know and get her killed is the last thing I'm going to do."

The atmosphere of uncertainty, intensified by Miss Hearst's strident taped pledge of allegiance to the SLA delivered two days ago, continued to stir debate. The Hearst family insists the message did not reflect Patricia's real state of mind.

In an effort to reopen a dialogue with the SLA, the family is known to be trying to reach Regis Debray, a revolutionary friend of the late Che Guevara. Debray spent about a year in a Bolivian prison. Randolph Hearst, it was learned, is hopeful that Debray might agree to intervene with a message to the SLA to the effect that to continue to hold Miss Hearst is counter-revolutionary.

Debray is traveling in Mexico and has no visa to enter the United States, it was understood. He and Guevara are important figures among left-wing radicals. Miss Hearst, in her most recent message, announced she was adopting the name of Tania, Che's lover before he was slain by government troops in the Bolivian Mountains in 1967.

Meanwhile, a Los Angeles psychologist and expert on terrorism who has been advising the Hearsts said today that

Associated Press

Charles Bates, San Francisco FBI chief, says search for kidnaped Patricia Hearst will continue.

it is possible Miss Hearst was brainwashed and may believe her decision was made of her own free will.

Dr. Frederick J. Hacker, a professor of psychology at both the medical and law schools of the University of Southern California, said, "There are brainwashing techniques and persuasion techniques that are effective at not only changing a person's mind but imparting to the victim the impression that he changed his mind voluntarily. The most dangerous thing about coercion is it can convince the coerced that it was voluntary."

Re the Director's call today,  
attached is Xerox copy of teletype con-  
taining quote to be used if inquiries received  
concerning meeting with "Death Row Jeff."  
Apparently Bates did not have this quote  
available to him when inquiry received  
several days after original meeting. As  
can be seen, if approved quote was  
utilized, speculation would not have arisen.  
It doesn't appear anything can be gained  
by issuing the attached statement since it will  
only resurrect the story again.

DAILY SUMMARY

RE: RUSSELL LITTLE AND JOSEPH BENIRO

AS PREVIOUSLY REPORTED, LITTLE AND BENIRO WERE INDICTED ON MARCH 28, 1974, FOR THE MURDER OF OAKLAND SCHOOL SUPERINTENDENT MARCUS FOSTER BY THE ALAMEDA COUNTY GRAND JURY.

AT ONE P.M. ON MARCH 29, 1974, RADICAL RADIO STATION KPFA, BERKELEY, CALIFORNIA, PLAYED A TAPE LASTING APPROXIMATELY ONE AND ONE HALF HOURS, WHICH TAPE CONTAINED THE VOICE OF LITTLE AND BENIRO.

THIS TAPE WAS MADE ON MARCH 28, 1974, AT THE ALAMEDA COUNTY JAIL IN OAKLAND, CALIFORNIA.

JOSEPH BENIRO'S VOICE WAS CONTAINED ON THE FIRST PORTION OF THE TAPE. HE DESCRIBED CONDITIONS SURROUNDING HIS INCARCERATION AND MADE NUMEROUS ALLEGATIONS OF BRUTALITY ON THE PART OF PRISON PERSONNEL. HE DESCRIBED HOW OTHER INMATES WERE MISTREATED

BY GUARDS AND INDICATED THE CELLS WERE UNSANITARY. HE ALLEGED THAT HE WAS NOT ALLOWED THE PROPER AMOUNT OF EXERCISE AND THAT MEMBERS OF HIS IMMEDIATE FAMILY, WHEN VISITING HIM, WERE STRIP SEARCHED AND TREATED IN A DISRESPECTFUL MANNER. HE MADE REFERENCE TO A MEETING ATTENDED BY HIM AND JOSEPH REMIRO WITH DEATH ROW JEFF (CLIFFORD JEFFERSON).

IT SHOULD BE NOTED THAT SUCH A MEETING BETWEEN THESE INDIVIDUALS DID TAKE PLACE ON FEBRUARY 21, 1974, WHICH MEETING WAS ARRANGED BY WHOM PROCURER, DIRECTOR OF THE DEPARTMENT OF CORRECTIONS FOR THE STATE OF CALIFORNIA.

THE SECOND PORTION OF THE TAPE CONTAINS THE VOICE OF RUSSELL LITTLE, WHO CORROBORATES THE STATEMENTS OF REMIRO REGARDING CIRCUMSTANCES SURROUNDING THEIR IMPRISONMENTS, ALLEGED ACTS OF BRUTALITY AND UNSANITARY CONDITIONS. CONCERNING THE FEBRUARY 21, 1974, MEETING REFERRED TO ABOVE WITH DEATH ROW JEFF, LITTLE RELATED CIRCUMSTANCES CONCERNING THE METHOD IN WHICH HE AND REMIRO WERE TRANSPORTED TO THIS MEETING AND ALLEGED THAT FIVE OR SIX CARLOADS OF "MEN IN SUITS" WERE FBI MEN.

END PAGE TWO

PAGE THREE

EF 7-555

IT SHOULD BE NOTED THAT FBI PERSONNEL WERE NOT PRESENT AT THIS MEETING AND DID NOT ASSIST IN TRANSPORTING RUMERO AND LITTLE TO THIS MEETING. IN ADDITION, THE FBI DID NOT REQUEST PRISON AUTHORITIES TO ARRANGE SUCH A MEETING AND FBI PERSONNEL WERE NOT IN THE AREA WHEN THE MEETING WAS HELD.

THE REMAINDER OF LITTLE'S REMARKS CONCERNED PRISON CONDITIONS AND ALLEGATIONS THAT PRISON FOOD WAS DRUGGED. HE STATED THAT NEITHER HE NOR RUMERO WOULD EAT FOOD THAT THEY SUSPECTED OF BEING DRUGGED AND THAT ON ONE OCCASION HE THOUGHT HE WAS BEING DRUGGED BECAUSE A FEW MINUTES AFTER HE ATE HE FELT NAUSEOUS AND DIZZY.

THE TAPE DOES NOT CONTAIN ANY REFERENCE TO THE SLA, TO VICTIM'S OR TO VICTIM'S ABDUCTORS.

BUREAU HAS PREVIOUSLY BEEN APPRISED OF THIS PHASE OF OUR INVESTIGATION IN OUR SUMMARY OF MARCH 19, 1974, UNDER THIS CAPTION. OUR MARCH 25, 1974, SUMMARY CONTAINS INFORMATION RELATIVE TO A BAR IN [REDACTED] AT WHICH LOCATION [REDACTED] FURNISHED INFORMATION REGARDING OUR INVESTIGATION ON MARCH 25, 1974.

THEY ADVISED THAT THEIR PLACE OF BUSINESS IS A HIPPIE TYPE LOCATION AND TENTATIVELY IDENTIFIED PHOTOGRAPHS OF PRIME HEARNAP SUSPECTS WILLIAM LANTON WOLFE AND WILLIAM TAYLOR HARRIS AS HAVING FREQUENTED THEIR PLACE OF BUSINESS IN THE RECENT PAST.

BASED ON THE ABOVE INFORMATION TWO INFORMANTS OF THE SAN FRANCISCO OFFICE FREQUENTED THIS BAR DURING LATE P.M. MARCH 29, 1974, AND EARLY A.M. MARCH 30, 1974. THESE SOURCES ADVISED THAT DUE TO ADVERSE WEATHER CONDITION (RAIN) AND THE FACT THAT MANY ROADS IN THIS AREA ARE UNPAVED, THE BAR WAS NOT FREQUENTED BY MANY CUSTOMERS DURING THE LATE EVENING OR EARLY MORNING HOURS. THEY DETERMINED THAT THIS BAR IS FREQUENTED BY THE HIPPIE ELEMENT, THAT MANY TRANSIENT TYPE INDIVIDUALS ARE CUSTOMERS AND THEY WERE ABLE TO REMAIN IN THE BAR WITHOUT AROUSING SUSPICION. THEY DID NOT OBSERVE ANY INDIVIDUALS RESSEMBLING WOLFE, HARRIS OR FOR THAT MATTER ANY OF THE OTHER HEARNAP SUSPECTS OR INDIVIDUALS AFFILIATED WITH THE SLA. THEY ARE MAINTAINING

Prior memoranda related that Dr. Murray Miron, a computer analysis expert and professor at Syracuse University, was making a computer analysis of the tapes in the Hearst kidnaping case.

On April 3, 1974, at about 11:15 a.m., Dr. Miron presented his analysis. Present were W. L. Reed of the Director's office, R. J. Gallagher and M. A. Morrow of the General Investigative Division, Kier Boyd and Pam Gable of the Laboratory, John Skaggs of the Computer Systems Division, and Tom Strentz of the Training Division.

Attached is a copy of Dr. Miron's briefing notes. All who attended the conference have received a copy of the briefing notes and a copy has been sent to the San Francisco Division for its information.

Dr. Miron stated key words can be important and by words one could zero in on an area, that old language habits under stress come out even if the speaker is attempting to conceal. He stated the written language has a different frequency from extemporaneous talk. Dr. Miron made observations such as that the SLA are using runners to secure their information and maybe as a means of securing food and necessities. He stated they get great enjoyment out of planning and they must preserve the idea that they are doing this without regard for self-gain. Although they themselves are actually not receiving anything, ransom is being paid on a continuing basis through the People in Need Program.

Dr. Miron broke his analysis into (a) background, (b) motivation, (c) character traits, (d) position, ingroup, (e) intellect, (f) reality perceptions, and (g) status change. In his brief he analyzes Patricia Hearst as [redacted] and highly suggestible. She is using SLA therapy and is telling the SLA her problems. He has noted a status change her

Memorandum to Mr. Gebhardt  
Re: HEARNAP

identification with the aggressor. Dr. Miron said that Patricia Hearst would be a perfect subject to kidnap inasmuch as she is so suggestible. He likened her to some of the people in concentration camps in World War II who adopted the ideas of their aggressors and, in fact, became more aggressive. Dr. Miron felt that when Patricia was released she would have adopted the SLA idea and be very anti-FBI. She should get psychiatric treatment as he felt she would tell her story to a doctor and maybe ultimately to the FBI but not for a considerable period of time.

He felt Cinque is in a way play-acting. He expects to fail, is not capable of decision. He is the true criminal type, that talk was all important. He said Cinque is the only one who uses the first person and is the only one who speaks contemporaneously.

In his outcome predictions, Dr. Miron states that none of what the SLA does is meaningful without talk and incapacity for action must be compensated by talk and talk of plans. He predicted there would be more communication. He felt the critical problem in dealing with the SLA is their determination to commit suicide by establishing the condition in which their destruction at the hands of someone else is inevitable. The communications increasingly establish these conditions. He did not feel that Cinque would kill in cold blood and the group as a whole is not capable of their own suicides unless engineered as a dramatic culmination of their indecisive lives as the consequence of the acts of others which they can rationalize as outside their responsibility.

Dr. Miron recommended that Hearst as the father must appeal to his daughter of contriteness for past lack of affection and parental disapproval in order to alter the dangerous course of action Patricia is embarking on and this should have additional positive implications for the psychic condition of the SLA as well. He felt an attempt must be made to assert influence over Patricia's suggestibility and bring her back to identification with the outside world rather than the distorted reality of the SLA. She must be wrested from the patient status she has placed herself in with respect to the SLA.

Dr. Miron in discussing his analysis stated that experience would win out over the computer, that the computer is a means of stimulating the experience of the investigator

Memorandum to Mr. Gebhardt  
Re: HEARNAP

and that the computer will never be able to replace the investigator. He stated that the more input he has to put into the computer the more definite he can become in his conclusions. Dr. Miron stated that his research is of a relatively recent origin and the more work he does the more the computer tells him. He said that if it came to the time when there was a white line and the SLA was on one side and the FBI on the other side, he felt that a show of force by the FBI would result in bloodshed. The SLA would consider this as a means of committing suicide. He felt that talk and diplomacy would be better as it was his opinion that although the SLA apparently has a great hatred for the FBI the majority of them had never even talked to an FBI Agent. Dr. Miron stressed that at this point this was just theory on his part and this would be the time when a decision would have to be made and the decision would be based on the experience and not the computer.

By separate memorandum, all in attendance at the briefing have been requested to furnish a critique to the General Investigative Division.

ACTION:

This is for information. It is to be noted that this briefing was prior to the time that the information on the last tape was made available to the effect that Patricia Hearst had joined the SLA.

## HEARNAP BRIEFING NOTES

### 1. Who is CINQUE?

- a. Background: Black, ghetto poor, broken or disturbed family, father, middle to late twenties, has been imprisoned, has children.
- b. Motivations: Middle-class outlook, overly developed sense of morality and conscience, problems of will and decision, strong needs for significance, power and acceptance, he expects to fail.
- c. Character Traits: Compensates for feelings of inadequacy by posing as strong willed, decisive personality. Docile, easily led by females, deferential, insecure, self-deprecating and guilt-ridden.
- d. Position in Group: He is the central personality of the SLA faction holding Patricia, he is the action focus of the group, the doer not the thinker. He is intellectually inferior to Jalena who is probably his wife and second in the group pecking order. Cinque uses more first person references than any of the other talkers, significantly avoids the past tense in favor of active constructions and present constructions. Acceptance and approval from females and particularly the mother of his children is of paramount significance and sustains his pose and position.
- e. Intellect: Conceptual structure is sparse, he has difficulty manipulating complex notions and is rather single dimensioned in his outlook. Clearly, he looks to Jalena for his thinking.
- f. Reality Perceptions: Naive, projective, innocent view of reality. Displaces guilt and responsibility in paranoid projections. Categorical, uni-dimensional constructions of the world. Pseudo-intellectualized rationalizations as defensive posing.
- g. Status Change: Cinque remains the central and dominant figure in the group. The others of the group identify and project their collective personality through him. Weak and will-less though he is, he is their action alter ego.

### 2. Who is JALENA?

- a. Background: College graduate, well read, educated particularly in the rhetoric of the left. Second or third generation Californian of middle class, well-off, black parents. Probably quite caucasian in appearance, attractive, socially adept and well groomed (or at least when not trying to pass as black ghetto). She is a mother in her early to middle twenties. She is comfortable with social situations and is not deferential to her "social betters".
- b. Motivations: Power through identification with strong male, action image. Seek security, father figure.
- c. Character Traits: Passive, willing to take secondary role, timid, uncertain and insecure, unassertive unless supported.
- d. Position in Group: The brains, the thinker, the planner. Probably Cinque's wife.

e. Intellect: Well developed, high native ability, probably an A student but undirected because of character flaws.

f. Reality Perceptions: Paranoia, suspicion of husband as failure, projects her unsuccessful status as blame on system. Feels inadequate as mother, sees through father as will-less and indecisive, goads him to compensate.

### 3. Who is Patricia?

a. Background: Known.

b. Motivations: Working out personal problems with family, personal identity.

c. Character Traits: Dependent, immature, docile, suggestable.

d. Position in Group: Captive in every sense of the word. Using SLA members as psychotherapists.

e. Intellect: average, undistinguished.

f. Reality Perceptions: paranoid manifestations result of displaced and compensatory fear and suggestability.

g. Status Change: Identification with the aggressor.

### 4. What is the SLA?

a. Background: Middle-class predominant with Cinque (and perhaps others) drawn from lower class as action arm but selected for their middle class outlooks. These people would be horrified by a real criminal psychopath.

b. Motivations: Power motives, hostility displacement for guilt and failure. Identification with action as diversionary tactic to avoid self appraisal.

c. Reality Perceptions: Rampant, self feeding paranoia as defensive reaction to self-hate and acting out against authority.

d. Location: Positive affect toward Mexico and Mexican Americans. Remote location suggested by exaggerated pride in their intelligence gathering. None of these people would survive in a ghetto. Negative affect toward U.S. and its threats to their psychic integrity. These considerations suggest foreign country - most likely Mexico.

### 5. Outcome Predictions

a. Patricia's Fate: Dangerous change in Patricia which identifies her with rejected, unloved child. She is inviting her own murder. She may be accommodated by the suicidal SLA members.

b. Further Communications: None of what the SLA does is meaningful without talk. Their incapacity for action must be compensated by talk and talk of plans. There will be more communication.

c. SELF Destruction: The critical problem in dealing with the SLA is their determination to commit suicide by establishing the conditions in which their destruction at the hands of some-one else is inevitable. The communications increasingly establish those conditions. Even Patricia has been drawn into the mutual suicide past. Cinque is acting the dominant male role posing for the women of the group. He maintains dominance so long as he is seen as the source of expertise in crime, action and courage. But his self guilt and posturing will not permit him to kill in cold blood. The group as a whole is not capable of their own suicides unless engineered as the dramatic culmination of their indecisive lives as a consequence of the actions of others which they can rationalize as outside of their responsibilities. But they remain in touch with reality and emphasize that contact in all of their communications. They do not know the solution that will rescue them from themselves, but they will welcome such a solution when they have played out their game or when they are finally made aware of their unavoidable personal responsibility for their acts

## 6. Recommendations

- a. Hearst Family: Hearst as father must make appeal to daughter of contriteness for past lack of affection and parental disapproval in order to alter dangerous course of action Patricia is embarked upon. Further, this should have additional positive implications for the psychic condition of the SLA as well.
- b. Significant Others: Attempt must be made to assert influence over Patricia's suggestibility and bring her back to identification with the outside world rather than the distorted reality of the SLA. She must be wrested from the patient status she has placed herself in with respect to the SLA.
- c. Media: Feature or salacious interest pieces should emphasize the personal nature of the conflict in order to establish the personal responsibility and reality of the situation. As disturbed, inadequate, immature personalities we can express compassion while still assuming responsibility must be theirs for their criminal actions.

[illegible]

Analyses of the text of the most recent taped communication from the SLA on the part of its spokesman, Field Marshall Cinque, indicates the following general conclusions: The primary problem evidenced by the communication patterns of Cinque centers around difficulties with will and decision. Cinque manifests unconscious needs for significance, power and acceptance. His communication patterns, however, are in the nature of requests. He is tentative and uncertain, introspective and insecure. He expects to fail. He is guilt-ridden and finds security in his organization displacing responsibility to the "oppressors" or "The Court" and "his people". He sees himself as worthless and seeks to expiate his sin through acceptance from the powerful or by the dillution of rationalization and projected guilt. He is deferential and self-deprecating. All of Cinque's references to Hearst as a person use the title Mr. By contrast, all references to Hearst as the enemy use symbolic abstractions such as Empire or Foundation. This dichotomy suggests that Hearst continue to emphasize his personal roles as a father and as a person rather than his corporate connections. Cinque seeks to mitigate the personal nature of his criminal act by rationalizing his behavior as directed against an impersonal corporate enemy. Personalization of that enemy will add to his guilt and prevent him from carrying out his threats. References to his captive speak of her needs and wishes. She is veiwd by Cinque as an innocent and an individual. Such reactions are very encouraging, for according to my analysis, her individuality as a loved daughter is her protection from harm. The key to at least Cinque's motivations is an appeal to the over-developed conscience of Cinque and the Hearst's personal plight which is not unlike the repressions Cinque himself feels. As a romantic, Cinque is particularly vulnerable to idealized pleas for sympathy and understanding.

Cinque either has children of his own or is close to someone who does. He is clearly black in his middle to late twenties. He has probably spent time in jail or been involved with the Courts and the law as evidenced by his identification with the aggressor - the Courts. He is poor and is probably not part of any University radical group. He is distinctly middle-class in outlook and has an overly highly developed sense of morality and conscience. He respects the powerful, family and the successful, above all else he seeks absolution for his acts, understanding of his struggle with himself and help in knowing who he is. He is painfully incapable of decisive action, easily lead and docile. The oppression against which he chafes is the oppressiveness of his own guilt feelings, his inability to assert himself against the demands of others and what he feels to be his lack of personal control over his own life.

He and his group are pseudo-innocents in the sense of using idealistic, unrealistic conceptions of the cosmos. The term "people" ranks among the highest occurring words in his rambling diatribe. It is used projectively to rationalize and displace his own personal failings onto others. However, like the syntactical function words (e.g., the, that, etc.) among which it ranks, this defense mechanism has lost most of its effectiveness and meaning. The defense could be utterly shattered if his projections were to be disavowed by one of those onto whom he seeks to displace his guilt.

There is an underlying strain of magic in the communique in the form of misapprehensions of what is real, the nature of power and particularly in the form of a numerological occultism. There is a conflict between the "even", the just, and the "odd", the enemy. All references to the "Hearst Empire" and its assets always use odd numbered values, while on the other hand, all references to the people and the extortion demands are even in

number. This unexpected finding suggests that communications with the SLA with regard to any negotiations employ even numbered values. Such unconscious occultism is characteristic of those who seek to displace responsibility for their hostility and violence onto forces outside of their control. It is, however, the reaction of one for whom the superego is overly developed. Cinque is the opposite of the psychopath, far from lacking conscience, all of his behavior is directed toward an unsuccessful attempt to silence his conscience. It is this characteristic which makes him vulnerable to effective management and should assure his captive's safety. Based upon my analyses, in my opinion, Cinque would not be capable of the decisiveness of a cold-blooded execution of Patricia Hearst. At the most he could only tolerate her death by means outside of his control and given his dominant superego that is extremely unlikely. I am convinced that any group who would use Cinque as its spokesman must have characteristics which are similar to his; that he represents their combined alter-egos. As such I cannot reconcile the Oakland murder with the personality characteristics of the group holding Patricia Hearst. Nor do these characteristics match those of the actions of the more recent kidnapping of the so-called East Symbionese Liberation Army.

 FEB 1974," bearing typewritten address label [redacted]  
 [redacted] [redacted] [redacted]  
 Q56 Copy of one page typewritten letter beginning "YOU SHOULD  
 ALSO DEMONSTRATE ..."

## Result of examination:

Q55 is a copy made from the same original as letters  
 previously submitted, utilizing what appears to be a  
 mimeograph type process.

The typewriting on Q55 is on pressure sensitive  
 adhesive backed labels attached to the envelope.

The conclusion was reached that the typewriter or  
 typewriters used to prepare the envelopes submitted in this  
 case were not used to prepare the typewriting on the master  
 from which the submitted letters were prepared.

The typewriting on the address labels on envelopes  
 submitted in this case most closely corresponds to Laboratory  
 standards for a Ramsdayer pica style of type, spaced ten  
 characters per horizontal inch, and used on Royal Executive  
 electric typewriters.

The typewriting on letters submitted in this case  
 is an elite type style, spaced twelve characters per horizontal  
 inch, and is too limited and too indistinct to permit classification  
 as to make.

At 11:35 a.m., 4/3/74, I talked to SAC Bates. He advised no startling developments had occurred since the recent receipt of the communication from the SLA.

I explained to Bates that we had just had an Executives' Conference where this case was discussed and it was the consensus of the group that he, Bates, must be totally physically and mentally exhausted and Mr. Kelley requested recommendations as to the advisability of sending additional Bureau officials to assist Bates at this point in the investigation. It was finally suggested that two men should be considered but with the understanding Bates would retain complete authority and responsibility for the case. One name mentioned was SAC Shroder from San Diego. The Conference had agreed, however, that we should consult with Bates. The Director indicated, however, that if Bates declined such a procedure, he, Bates should contact the Director personally.

Bates advised he did not feel that it was necessary for any additional assistance in this regard. He has a staff of six individuals including himself where matters are discussed and decisions made. Additional Bureau officials would not have a firm grasp of the details of the case, would not know the personnel, would not know the locality and finally, their appearance on the scene would undoubtedly eventually become known to the news media which would raise serious questions as to the direction of the case from a personnel standpoint and an activity standpoint. For these reasons, Bates did not feel it necessary and did not agree to this procedure.

Gebhardt to Miller  
Re: HEARNAP

With respect to additional manpower being brought in, I advised Bates that in the event he needed such manpower, he should so advise the Bureau. He stated that they are running a survey at the present time in San Francisco along these very lines, in view of the fact that "everything else in the office is going to hell." He recognized that there are 25 Agents present on a special in San Francisco. He pointed out, however, if the victim is released within the next few days, he frankly believed he would not need any more manpower including the 25 now on the special. He therefore suggested that he finish his survey of the condition of the office at the present time and wait a few days to see if the victim is released before a final recommendation is made in this regard.

I specifically asked Bates about his plans. Bates pointed out it would be an impossibility to make any hard and fast rules and plans as to what will be done if and when the victim is released since it would all be contingent upon the circumstances at that particular time. (In a prior memo it was pointed out San Francisco has plans to keep search warrants up to date on a day-to-day basis on SLA pads, assignments have been made for interviews of possible subjects, crime-scene search teams set up, etc.) I mentioned to Bates the fact that these suspects may become fugitives after the victim is released and at the recent conference, Al Staffeld pointed out that it takes about five to six days for a wanted flyer to be printed and it was suggested that material needed for such matters should be gathered together at the present time so that the Bureau is ready to move in a quicker period of time rather than five to six days. Bates advised he would check into this immediately.

In view of his decision to decline any assistance from a manpower standpoint, Bates was instructed to discuss the matter with the Director and he said he would do this immediately.

ACTION: For information.

ADDENDUM:

At 12 noon SAC Bates called and said he had just discussed the matter with Mr. Kelley. After a thorough discussion of the need for additional personnel, it was agreed that one additional Bureau official should proceed to San Francisco to assist Mr. Bates. He would work very closely with the Bureau official in discussing the overall direction of the case, plans to be placed into effect and decisions to be made. In the absence of Bates, this individual would be in charge of the Hearst case and have the authority and responsibility to make such decisions. Bates said he would prefer SAC Schutz of the New York Office. He said he formerly worked with Schutz in the General Investigative Division and he knows that he is a "hard-nosed charger" who is extremely capable as an administrator. I advised Bates I would make the necessary arrangements. Associate Director Callahan was advised of the decision at 12:05 p. m. who instructed I contact New York and at 12:10 p. m. I spoke to Assistant Director Malone and instructed that SAC Schutz proceed to San Francisco on the first available plane.

NOTE: San Francisco previously authorized to purchase auto and make electronic installation in this vehicle. [REDACTED] presents the best opportunity to establish contact with the kidnapers to date. Because of the magnitude and importance of solving this case, the above action deemed essential. The sensitivity of this matter precluded presentation to USA, San Francisco, and for security purposes, it is believed the USA's Office should not be made aware of the above at this time. This has been coordinated with the San Francisco Office.

Re Buffalo teletype to Bureau, San Francisco, and San Juan, dated 4/5/74.

Referenced teletype advised that a Mr. and Mrs. [REDACTED] and Mr. and Mrs. [REDACTED] of New York State were taken to dinner on evening of 3/14/74, in San Juan, Puerto Rico, by Mr. and Mrs. [REDACTED] of the Bacardi Rum Distillery and while at the Caribe Hilton Hotel in San Juan, the group noticed a white female and a black male seated at the bar. Reportedly, the Bacardi representatives made a comment in Spanish in a low voice and the comment included the word "HEARST." Immediately thereafter the [REDACTED] became agitated and escorted the other two couples from the hotel. Outside [REDACTED] told [REDACTED] that her husband was upset because he objected violently to racially mixed couples.

Interview of Mr. and Mrs. [REDACTED] at Bacardi Distillery, Catano, Puerto Rico, delayed slightly due to strike currently underway at that plant.

Mr. and Mrs. [REDACTED] interviewed and Mrs. [REDACTED] advised that on 3/14/74, they did take two couples from New York State to the La Zaragozana Restaurant in San Juan and afterwards went to the Caribe Hilton for drinks. She recalled some incident at the bar but said that because she had been drinking that night and because of the time interval, could not recall the details.

Mr. [REDACTED] stated he noted a white female and a black male seated about 6' away from his group at the Pool Terrace Bar of the Caribe Hilton and his attention was caught because the white female was very distinguished looking and well dressed while the Negro male with her looked and acted like an orangutan in his words. He said the Negro male was about 6'6", well built, approximately 42 years of age, and of exceptionally dark complexion. The couple was making small talk in English. The girl looked somewhat like PATRICIA HEARST and he jokingly commented that maybe it was PATRICIA HEARST. He noted that the girl at the bar had very light blonde hair whereas Miss HEARST is described as having light brown hair. Upon looking at a photograph of victim HEARST, he stated that he could not identify this girl as the one he saw at the Caribe Hilton. He re-iterated that his comment had been meant as a joke.

Specimens received 3-27-74

- Q152 Central Valley National Bank admission slip bearing numerals and writing on back side
- Q153 Social Security card #551-74-5130 in the name "Nancy Ling Perry"
- Q154 Check stub dated 9-28-70, in the amount of \$50.00
- Q155 Check stub in the amount of \$77.82
- Q156 Rental agreement signed "Mrs. Nancy Ling Perry"
- Q157 Manila envelope bearing writing and numerals on front
- Q158 One pill box containing two pills

Also Submitted: Two Central Valley National Bank safe deposit receipts; 1969 Wage and Tax Statement in the name "N L Perry"; two carbon copies of the Pacific Telephone and Telegraph Company statement in the name "N L Perry"; one one dollar Federal Reserve Note serial #C 28429204 D

## Result of examination:

The conclusion was reached that the Perry signatures on Q156 and Q153 and the questioned writing on Q157 were prepared by NANCY LING PERRY, purported writer of items Kc4, K10, K13 and K22 in this case and item K4 in case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM". A definite conclusion was not reached whether the remaining questioned writing on the

items described above was prepared by PERRY, due to the presence of unexplained variations and the limited amounts of questioned writing on some items. However, handwriting similarities were observed in comparing the purported writing of PERRY with the questioned writing on Q154 and Q155 which indicates PERRY probably also prepared this questioned writing.

The Q153 pills were found to contain lysergic acid diethylamide (LSD).

The submitted items are being returned separately. Appropriate photographs were made.

Dear MR RANDOLF HEARST

April 8, 1974

I am only writing this letter to you, "SIA"  
that in hopes, that your daughter, Patty may  
be found, and returned to you.

I'll start in the beginning, I am not the type  
of person who goes around telling on other  
people, and I don't stick my nose in other  
affairs which don't concern me. But I feel  
that the organization called the S.A. has caused  
enough trouble and heart ache for everyone,  
especially your family. This is why I am writing  
to you, so that I can put out end to this  
entire mess.

Before I go any further, please do not  
contact the F.B.I. or any other agency, about  
me writing this letter. I promise you, that  
on, or around the first week in March (1974)  
I talked to Mr. [REDACTED] of the San Antonio  
F.B.I. office. I discussed the situation with  
Mr. [REDACTED], But not fully, he acted as though  
he and the F.B.I. office here could care less,  
so I didn't tell him on sight of what I know  
I haven't discussed this with anyone else, except  
my attorney.

page 1  
Mr Heart, I am not involved with the  
S.A. who is over, I've been in jail since  
20th of December 1973. But I do know who is  
involved in the kidnapping of your daughter, and  
I am almost ninety per cent sure, that I know  
where she's being kept.

I met a couple of people back in November  
of 1973, who then wanted me to join the  
S.A., Well of course I listened to what they  
had to say, and they told me that they were  
going to kidnap your daughter, Oh I thought  
at the time, that it was all a bunch of lies,  
But I learned diffent. I am just sorry that  
I hadn't contacted you sooner, But I wasn't  
sure I wanted to get involved with it, But  
I am willing to do what ever it takes to  
free your daughter.

70  
Mr Heart, I am in jail for writing now  
suffice fund checks on my checking acct.  
I am a high school graduate, and I have  
two years at Southwest Texas State University  
in San Marcos, Texas, where I was pursuing  
a degree in Law Enforcement, when I was arrested.

I am telling the truth sir, I can find your daughter, But I am not going to talk, to the F.B.I. or any other law enforcement agency, I want to talk to you, and no one else.

I am almost sure that Patty is still alive and that she is being forced to say, what she has said, about becoming a member in the organization.

I am not asking for any favors, I would just like to see her released unharmed, as quickly as possible, And I am sure you feel the same way.

Please Mr. Hearst, let me help, I can guarantee you that it won't be a waste of your time, and it won't endanger your daughter's life what's so ever?

I'll be waiting to hear from you. I am not sure Mr. Hearst will reach you, because I didn't have your home address. So please when you receive it notify me or my attorney, and let me know if I can help!!!

Please, don't let anyone know, that I've written to you, until after we can talk.

I Remain

Sincerely,

Att. At Law

International in Canada, he would work towards contacting SIA in San Francisco area. His idea is to approach the two people in jail in Oakland re murder (JOSEPH M. REMIRO and RUSSELL J. LITTLE). He did not know their names and state to them that if they would put him in contact with SIA to gain release of PATRICIA HEARST, he would make arrangements with foreign country, like Cuba or South American country to have them flown out and have the HEARST girl released. He would approach them stating he was acting under the Amnestie International group in Canada and feels they would cooperate.

Q160 Envelope postmarked "U.S. POSTAL SERVICE PM 24  
MAR 1974," bearing written address [REDACTED]  
[REDACTED] Beverly Hills, Calif."

Q161 Sheet of ruled paper bearing cut-out letters and  
written numerals "483 9064"

## Result of examination:

Q160 and Q161 were not associated with material  
maintained in the Anonymous Letter File. Copies have been  
added thereto.

A definite conclusion was not reached whether the  
hand printing on Q160 was prepared by the writers of the  
questioned or known writing previously submitted in this case,  
due to the lack of distinctive hand printing characteristics,  
the presence of unexplained variations and the lack of  
sufficiently comparable writing. However, nothing of particular  
significance was observed in comparing the hand printing  
on Q160 with hand printing on other items previously submitted  
in this case.

The words and letters on Q161 were cut out from  
newspaper, magazines or similar type publications. Q160  
and Q161 contain no watermarks, indented writing of significance  
or other characteristics to aid in definitely determining  
their source. Two five cent and five ten cent U.S. Postal  
Service stamps, torn from rolls of stamps, are affixed to  
Q160.

Q160 and Q161, which have been photographed, are  
being returned separately.

*Handwritten: 1339, 5714*

Some general resemblances were observed in comparing the handwritten notation in the lower-left corner of Q172 with the available writing of EMILY HARRIS. However, the available comparable writing of HARRIS for comparison is too limited for adequate comparison. It will be necessary to have additional writing by HARRIS showing the same letters and letter combinations before an adequate comparison can be made.

For your further assistance, nothing of particular significance was observed in comparing the questioned writing on Q172 with the comparable available known writing or purported known writing of other suspects previously submitted in this and the SLA cases.

As the Laboratory has previously noted with regard to other questioned typewritings submitted in this case, the questioned typewriting on Q163 through Q171, Q20 through Q23 and Q32 through Q39 contains few individual identifying characteristics, and therefore, definite identifications with known typewriter or typewriters may not be possible.

Q174 SONY C120 cassette tape bearing writing "SLA 7. April 74"

Also Submitted: AMPEX 120 cassette case; white envelope, and yellow receipt to KSAN Radio

Result of examination:

It was determined that the typewriting on Q163 through Q171 is the same style as the typewriting on specimens Q20 through Q23 and Q32 through Q39, previously submitted in this case. A definite conclusion was not reached whether the questioned typewriting on these items was prepared by the same typewriter, due to the lack of a sufficient number of individual identifying characteristics. Although some typewriter characteristics in common were observed in comparing the typewriting on Q163 through Q171 with the typewriting on Q20 through Q23 and Q32 through Q39, these characteristics on Q163 through Q171 were inconsistent.

The typewriting on Q163 through Q171, Q20 through Q23 and Q32 through Q39 corresponds to Laboratory standards for a Smith-Corona or SCM elite style of type, spaced twelve characters per horizontal inch.

Q163, Q165, and Q168 through Q171 bear the watermark or partial watermark of a design enclosed in a circle with the words "NEENAH BOND 25% COTTON FIBER" which is registered to the Neenah Paper Company, Neenah, Wisconsin. Q164, Q166, Q167 and Q172 and the envelope portion of the Also Submitted items, contain no watermarks. The submitted items contain no indented writing of significance or other characteristics to aid in definitely determining their source.

Due to the limited amount of questioned writing, a definite conclusion was not reached whether the questioned writing on the Q174 cassette was prepared any of the writers of previously submitted known or purported known writing. However, handwriting similarities were observed in comparing the written notation "7 April 74" on the Q174 cassette with the available writing of DONALD DAVID DE FREEZE, purported writer of K12, K21, K24 and K29, previously submitted in this case.

A definite conclusion was not reached whether the questioned writing on Q172 was prepared by the writer or writers of the unidentified questioned writing on items previously submitted in this case or in case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM", due to the lack of sufficiently comparable writing, the presence of unexplained variations and the limited amount of portions of questioned writing.

A definite conclusion was not reached whether the questioned writing on Q172 was prepared by any of the writers of previously submitted known or purported known writing in this case or in the SLA case due to the presence of unexplained variations and the lack of sufficiently comparable writing.

Three weapons are present in the Q173 photograph. The weapon which is being held appears to be a modified .30 caliber U.S. Carbine. This carbine appears to have been restocked and mounted with a telescopic sight. Further, it appears that the barrel has been shortened and the front sight has been moved back. Two 30 round tube magazines (bannana clips) appear to have been taped together opening in opposite directions so as to facilitate rapid change of clips.

The weapon in the left pocket is most similar to a 9mm Browning "Hi-Power" or 9mm Fabrique Nationale Model 1935 semiautomatic pistol. Such a weapon chambers and fires the 9mm Luger (9mm Parabellum) cartridge.

The weapon leaning up against the wall appears to be a sawed-off, slide action repeating shotgun. Based on the physical characteristics of the portion of this weapon as displayed in the photograph, this weapon could be a Winchester Model 12, 25, 42 or 97 shotgun.

The submitted items are being returned separately. Appropriate photographs were made.

A definite conclusion was not reached whether the remaining questioned writing on the items submitted was prepared by the writers of unidentified questioned writing, known writing or purported known writing on items previously submitted, due to the limited amount of this questioned writing.

RE: SAN FRANCISCO STREET MAP.

Enclosed for the Bureau is a cellophane envelope containing a San Francisco Street Map and a xerox of that envelope.

On 4/1/74, a representative of the SLA, a young female in her 20s, entered the Crete Florist in San Francisco, purchased a dozen roses to be delivered to 79 Beaver Street, San Francisco, and furnished the owner of the florist shop a thick white envelope to accompany the flowers.

It was later ascertained that the envelope accompanying the flowers was an SLA communique in the above captioned matter. The florist owner did not know the location of Beaver Street and obtained a street map of San Francisco from her car and the young lady purchasing the flowers and carrying the SLA communique pointed out Beaver Street on the San Francisco map and touched it with her forefinger. This map has been utilized for sometime and possibly contains many latents.

The Latent Fingerprint Section is requested to conduct a latent fingerprint examination along that part of the San Francisco map where Beaver Street appears. Any latents developed should be compared with the latents instant matter, in the Symbionese Liberation Army matter, and in the August Seventh Guerrilla Movement matter. This map may be retained at the Bureau after examination.

**CHARLES W. BATES**, Special Agent in Charge of the

San Francisco Division, Federal Bureau of Investigation, announced today that Federal bank robbery charges have been filed against **CAMILA HALL**, **NANCY LING PERRY** and **PATRICIA MICHELLE SOLAYSKIE**, all formerly of the East Bay Area. In addition, **PATRICIA CAMPBELL HEARST** has been named in a Federal warrant charging her with being a material witness to a bank robbery and kidnapping. These charges resulted from a joint investigation conducted by the FBI and the San Francisco Police Department.

The **Hibernia Bank**, Sunset Branch, 1430 Mariega Street, San Francisco, was held up at gun-point by armed males and females at 9:40 a.m., 4/15/74, and \$10,960 in cash taken. Witnesses state five of the robbers entered the bank while four remained outside. All made their getaway in two automobiles after firing several shots from automatic weapons as they

departed the bank.

Two by-standers, PETER MAUROFF and EUGENE BRANHAM, both of San Francisco, were wounded and were rushed to San Francisco General Hospital, Mission Emergency Branch, where they are currently being treated.

PATRICIA HEARST was forcibly abducted from her Berkeley residence on 2/4/74, by a group who have since publicly identified themselves as the Symbionese Liberation Army (SLA). Several taped messages have since been received from individuals alleging SLA affiliation. Some of the tapes contained what has been identified as the recorded voice of PATRICIA HEARST. The material witness warrant for PATRICIA HEARST was authorized by the U.S. Attorney JAMES L. BROWNING, JR., Northern District of California, in the absence of specific evidence indicating PATRICIA HEARST's participation in the hold-up of her own free will and she may have been acting under duress and coercion. This material witness warrant under Title 18, Section 3149, authorizes her lawful detention in lieu of bail. HALL, PERBY and SOLTISIE have been charged with violation of Title 18, Section 2113(a) and (d). The penalty for bank robbery is up to 25 years and/or \$10,000.00 fine. The complaint was filed before U.S. Magistrate RICHARD S. GOLDSMITH, Northern District of California, and bond has been recommended by the U.S. Attorney in the amount of \$500,000.00.

RE: PATRICIA MICHELLE SOLTYSIK, AKA MIZMOON MONIQUE

SOLTYSIK:

IN REGARD TO THE ADDRESS 1560 SUTHERLAND COURT, CONCORD, CALIFORNIA, WHERE NANCY LING PERRY, JOSEPH PENIRO, AND RUSSELL LITTLE LIVED, WHILE LIVING THERE, NANCY LING PERRY (USING THE NAME NANCY DEVOTO) REPORTED TO THE POLICE DEPARTMENT THAT A YOUNG MAN HAD COME TO THEIR DOOR WITH A GUN. AT THIS TIME, SHE STATED THAT THE PERSON WHO FIRST ANSWERED THE DOOR WAS HER SISTER-IN-LAW, SUSAN MILLS. A REVIEW OF EVIDENCE TAKEN FROM THE SUTHERLAND COURT ADDRESS REVEALED A ROUTING SLIP FROM THE WELFARE DEPARTMENT, ALAMEDA COUNTY, HUMAN RESOURCES AGENCY, WHICH SHOWS THE CALLER'S NAME AS SUSAN MILLS. INVESTIGATION AT THE HUMAN RESOURCES AGENCY IN OAKLAND, CALIFORNIA HAS DETERMINED THAT THERE ARE A NUMBER OF PEOPLE THERE WHO POSITIVELY IDENTIFIED THE PHOTOGRAPH OF MIZMOON AS BEING IDENTICAL TO SUSAN MILLS. THEY

SHE INTRODUCED HERSELF AS AN UNDERGRADUATE IN SOCIOLOGY. SHE WAS CURIOUS ABOUT THE FOOD STAMP PROGRAM, THE THEORY AND PHILOSOPHY OF WELFARE, AND THE MAJOR LEGISLATION CONCERNING WELFARE.

WE ARE CONDUCTING A CALIFORNIA DRIVER'S LICENSE CHECK OF ALL INDIVIDUALS USING THE NAME SUSAN MILLS IN AN ATTEMPT TO DETERMINE IF SOLTYSIK OBTAINED A LICENSE UNDER THIS NAME.

SUBJECT: UNKNOWN SUBJECTS (9);  
THE HIBERNIA BANK  
NORIEGA AND 22ND AVENUE  
SAN FRANCISCO, CALIFORNIA  
BANK ROBBERY

At 2:30 p.m. today SAC Bates called and advised captioned bank had been robbed at approximately 9:45 a.m. (PDT) today. Five subjects were inside the bank; no indication of disguises except they were heavily made up with makeup. There were black and white subjects but at this point no indication of the sex of the five subjects. Shooting occurred and two customers had been shot. There was no indication as to the reason for such shooting.

The other four subjects were outside the bank in a red car. The green car utilized by the five inside the bank has been recovered and is presently being processed. The San Francisco Office advised they have located the red car. Bates had no further descriptions of either car when he called. Witnesses outside the bank have made a tentative description of Camilla Hall, one of the suspects belonging to the SLA and involved in the Hearst kidnaping. In addition, the recovered green car was a rental car rented in the name of Janet Cooper, which you will recall was the alias used by Emily Harris, another HEARNAP suspect, when she requested funds from her parents.

In addition, Bates had advised they had recovered one of the bullets shot by the subjects and it has a bored-out nose similar to those used by the SLA in the past. Bates advised he has approximately 90 Agents working on this case and he will keep us advised of any further developments. The amount of money obtained was not known at this point.

## Result of examination:

A definite conclusion was not reached whether the unidentified questioned writing on items submitted in this case and in case captioned "HEARNAP" was prepared by [redacted] purported writer of K17, due to the limited amount of known writing and the lack of sufficiently comparable writing. However, nothing of particular significance was observed in comparing the writing on K17 with the comparable unidentified questioned writing on items submitted in these cases.

K17, which has been photographed, is attached.

The FBI Identification Division is requested to process all items submitted including cartridges for possible latent fingerprints and if any are developed, they should be compared with previous submissions in HEARNAP, Symbionese Liberation Army (SLA), and the August 7th Guerrilla Movement case. Cartridges should be examined for presence of mechanism marks, manufacturer, and any foreign material (cyanide) which may be imbedded in hollow-point portion of bullets. Cartridge cases should be examined to determine if fired in same weapon and for any association of mechanism marks with submitted cartridges. Any mechanism marks of value present on cartridges and cartridge cases should be compared with comparable previous submissions in HEARNAP, SLA, and August 7th Guerrilla Movement cases.

The Document Section is requested to compare signature only on car rental forms with writing previously submitted in HEARNAP, SLA, and August 7th Guerrilla Movement cases. At the conclusion of examination, the document should be returned to the San Francisco Division but the cartridge cases and fragments should be retained for the time being at the Laboratory for possible comparisons with future submissions.

Reference is made to prior telephone conversations in this matter related to the examination of a Polaroid SX-70 Land camera photograph for the purpose of making determinations concerning the age of the photograph and the possible distribution of the film used to produce the photograph.

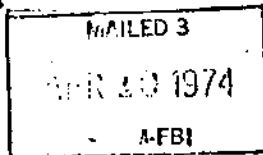

It is understood that Polaroid Corporation Engineers at Cambridge, Mass. may be able to make such determinations from a photograph of this kind. There is furnished to you herewith, the color photograph of Patricia Hearst holding a gun which was received in this case and is identified as specimen Q173. It is desired that you have an Agent take this photograph to the Polaroid Corporation and request that they examine it for the above purposes.

Polaroid Corporation personnel should understand that it is not desired that information be furnished to any of the news media concerning their receipt or examination of this photograph. Personnel of the Polaroid Corporation should also understand that the chain of evidence related to this photograph should be made a complete matter of record and that such personnel may eventually have to testify to either/or both the chain of evidence and any findings that may result from their examination.

It is understood that the examinations to be made by Polaroid Corporation will be done without destroying the photograph; however, it is understood that some alterations may be necessary. The Laboratory has a photographic record of this evidence. The questioned photograph has already been examined for latent fingerprints.

Boston should furnish Laboratory results of Polaroid's examination of photograph and return the original photograph to the Laboratory.

SUBJECT: HEARNAP

On 4-12-74 SA [redacted] of the Phoenix Division, upon request of SAC Mohr, telephonically contacted SA Michael A. Morrow of the Personal Crimes Unit. [redacted] was given permission to enter into negotiations for the rental of a Bell Jet Ranger Helicopter which would be used, if necessary, in following the rental aircraft by members of American Indian Movement (AIM) in attempting to contact Patricia Hearst.

This helicopter which has a capacity of carrying a pilot plus 5 passengers would enable the Phoenix SWAT Team to put down wherever necessary if the AIM plane landed in a remote area.

The Phoenix Office has a Special Agent who was a qualified helicopter pilot in Viet Nam and it is anticipated he will have to be "checked out" prior to flying this helicopter. The check out procedure is primarily ground school and at the most 1 hour actual flying time. The helicopter rental is approximately \$200 an hour for actual operation. Approval was granted to Phoenix for the above.

He proposes that by approaching the SLA members in the San Francisco area, utilizing the Amnestie International of Canada, he would be able to work towards contacting these individuals and possibly obtaining the release of PATRICIA HEARST. He stated that he would approach the two men in Oakland, California, who are in jail for murder and who are members of the SLA. He stated he did not know their names, but that his approach to them would be that he is not affiliated in any way with any law enforcement agency or any group in the United States. He would advise these two men (JOSEPH M. REMIRO and RUSSELL J. LITTLE) that he is only interested in obtaining their release from American Authorities and gaining PATRICIA HEARST's freedom also.

[REDACTED] would approach them, stating that he had made contact with a foreign country, examples being Cuba or a South American country, and through the various embassies, make arrangements to have REMIRO and LITTLE flown out of the United States upon PATRICIA HEARST being released.

[REDACTED] feels that he could gain their confidence and also the confidence of the other SLA members in San Francisco.

[REDACTED] advised that he is only interested in expense money and not in any personal gain for himself, but would accept a donation from the HEARST people.

[REDACTED] furnished the following background information on himself:

A CAREFUL ANALYSIS OF THE HEARST KIDNAPING, SYMBIONESE

[REDACTED] DE FREEZE BY INVESTIGATIVE AND SUPERVISORY PERSONNEL AT SAN

ALL LEADS HAVE BEEN EXHAUSTIVELY INVESTIGATED. THE HEARST KIDNAPING HAS WORLD WIDE INTEREST, AND THE NOTORIOUS CHARACTER OF RESPONSIBLES HAS BEEN WELL DOCUMENTED. DEPARTMENT OF MOTOR VEHICLE CHECKS HAVE BEEN MADE IN THE STATE OF CALIFORNIA, WITH NEGATIVE RESULTS, AND NATION-WIDE CHECKS ARE CURRENTLY IN PROGRESS, HOWEVER, INVESTIGATION INDICATES THAT AT LEAST THROUGH LATE 1973, [REDACTED] DE FREEZE WERE IN CALIFORNIA, WHERE, MOST LOGICALLY, THEY WOULD HAVE HAD SOME TYPE OF DRIVERS LICENSE.

EXHAUSTIVE INVESTIGATIVE EFFORT CONCERNING DONALD DAVID DE FREEZE HAS ALSO BEEN NEGATIVE, AND IT IS FELT THAT THE LACK OF ANY LEGITIMATE SOURCE OF INCOME, AS FAR AS CAN BE DETERMINED, WILL DRIVE DE FREEZE TO ILLICIT ACTIVITY, WHERE THE WIDE CIRCULARIZATION OF HIS PHOTOGRAPH, SUCH AS ON A WANTED FLYER, WOULD MAKE HIM A CONTINUING SUSPECT WITH ALL POLICE AGENCIES IN CRIMINAL ENDEAVORS. ALSO, PUBLIC CIRCULARIZATION COULD DEVELOP LEADS AS TO TEMPORARY TYPES OF RESIDENCES THAT DE FREEZE AND HIS ASSOCIATES MIGHT BE UTILIZING. IT IS SAN FRANCISCO'S BELIEF THAT THE ISSUANCE OF A IDENTIFICATION ORDER IS A NECESSARY BASIC APPROACH AT THIS STAGE OF THE FUGITIVE INVESTIGATION.

CAREFUL CONSIDERATION HAS BEEN GIVEN TO THE SAFETY FACTOR AS IT CONCERNS PATRICIA HEARST, AND AS CITED ABOVE. [REDACTED]

DE FREEZE HAS BEEN PUBLICIZED EXTENSIVELY BY TELEVISION, NEWSPAPERS AND RADIO, INCLUDING WIDE DISTRIBUTION OF HIS PHOTOGRAPH AND ON THE HEARST KIDNAP TAPES, BY INFERENCE, HE ACKNOWLEDGES HIS IDENTITY.

SAN FRANCISCO FEELS THAT THE INVESTIGATIVE VALUE OF AN IDENTIFICATION ORDER OR A WANTED FLYER, AT THIS TIME, IS CONSIDERABLE, AND THAT IN VIEW OF THE PUBLICITY THIS CASE HAS RECEIVED, ISSUANCE OF AN IDENTIFICATION ORDER WILL NOT JEOPARDIZE SAFETY OF VICTIM.

Tollmer contacted my office today to advise that the feature story about Mr. Kelley in their "Man in the News" column will be printed this Saturday, 4/20/74. Tollmer stated that in view of the many developments that have occurred since 4/1/74 he wondered if it would be possible to talk to Mr. Kelley for 2 or 3 minutes on the telephone to update some of the matters they mentioned, specifically the Patricia Hearst kidnaping matter so that the story would have a more current flavor; as certainly without some comment about the recent developments in the Hearst alleged kidnaping would make the story almost seem out of date.

Tollmer was advised that the Director will be travelling extensively in the next 2 to 3 day period and it is doubtful whether or not he could get back to him. Tollmer stated that he can be reached at his office at the "Post" late today and tomorrow and all day Thursday. Of course, he would need the 2 to 3 minute interview by Friday at the latest to incorporate the new data in the article for Saturday's edition. He can be reached at the business telephone of 212-349-5000, extension 491, for the "New York Post," and his home telephone number is [REDACTED]

RE: INTERVIEW PROGRAM:

AN INTERVIEW APPOINTMENT HAS BEEN ESTABLISHED WITH [REDACTED]  
[REDACTED] ND HIS ATTORNEY FOR APRIL 17, 1974 AT THE BERKELEY FBI  
OFFICE. [REDACTED]

[REDACTED] AND IS FAMILIAR WITH NUMEROUS SLA SUBJECTS. [REDACTED]  
[REDACTED] AND [REDACTED] WERE APPROACHED IN AN ATTEMPT TO  
INTERVIEW AND REFUSED TO BE INTERVIEWED BY THE AGENTS.

RE: GRAND JURY PRESENTATION:

TODAY, SA MONTE A. HALL OF THE SAN FRANCISCO OFFICE, WHO  
IS FAMILIAR WITH THE BACKGROUND OF THE KIDNAPING AND BANK  
ROBBERY INCIDENTS, PRESENTED THE FACTS REGARDING THIS CASE TO  
AN 18-MONTH FEDERAL GRAND JURY WHICH RECENTLY CONVENED. PRESENTATION  
BEFORE THE GRAND JURY WOULD ENABLE THE US ATTORNEY'S OFFICE TO  
HAVE THE BASIS FOR SUBPOENA POWERS IN THIS INVESTIGATION SHOULD  
SUCH BE NECESSARY IN THE FUTURE.

RE: JANET COOPER:

THE US ATTORNEY FOR THE NORTHERN DISTRICT OF CALIFORNIA  
ON APRIL 15, 1974 ISSUED A SUBPOENA FOR JANET MARGARET WEISS  
COOPER REQUIRING HER APPEARANCE AT 10:00 A.M., APRIL 16, 1974.  
END PAGE EIGHT

PAGE NINE

7-855

AGENTS ATTEMPTING TO SERVE THE SUBPOENA WERE UNABLE TO LOCATE COOPER PRIOR TO THAT TIME, SHE OBVIOUSLY IS AVOIDING RETURNING SERVICE. INVESTIGATION INDICATES THAT COOPER IS ACQUAINTED WITH WILLIAM TAYLOR HARRIS. COOPER'S DRIVER'S LICENSE HAD BEEN UTILIZED BY THE BANK ROBBERY SUBJECTS IN OBTAINING THE RENTAL GET-AWAY CARS.

SHE WAS CONTACTED BY SPECIAL AGENTS SUBSEQUENT TO 10:00A.M. THIS DATE, ADVISED THAT SHE WOULD APPEAR BEFORE A GRAND JURY, HOWEVER, REQUESTED THE US ATTORNEY'S OFFICE IN SAN FRANCISCO TO CONTACT HER ATTORNEY AND MAKE KNOWN THE FACT THAT HER APPEARANCE WAS SO DESIRED. US ATTORNEY'S OFFICE, SAN FRANCISCO ANTICIPATED SHE WILL VOLUNTARILY APPEAR BEFORE THE GRAND JURY; HOWEVER, IF SHE DOES NOT APPEAR VOLUNTARILY, A SUBPOENA WILL BE ISSUED FOR HER APPEARANCE.

RE: RANDOLPH A. HEARST, VICTIM'S FATHER:

FULLY EXPECTED SOME ACTION SIMILAR TO THIS. HE STILL FEELS HIS DAUGHTER IS UNDER DURESS IN SOME FORM OR ANOTHER AND EXPECTS SOME SIMILAR ACTION IN THE FUTURE INVOLVING HER AND THE SLA. HE ADMITS THAT HIS PREVIOUS DEALINGS WITH COALITION GROUPS WAS WRONG, THAT HE COULD HAVE TAKEN OTHER ACTION TO HAVE SPEEDED UP THIS MATTER, AND APPEARS TO HAVE DECIDED NOT TO DEAL IN THE FUTURE WITH THE COALITION GROUPS. BOTH HE AND MRS. HEARST APPEARED TO BE IN GOOD SPIRITS, CONSIDERING ALL DEVELOPMENTS, AND HE HAS NO PRESENT PLANS FOR ANY FURTHER ACTION IN THIS MATTER AT THE MOMENT. BOTH HEARST AND HIS WIFE READILY ACKNOWLEDGED THAT THE BANK PHOTOGRAPH WAS THAT OF THEIR DAUGHTER. THEY BOTH STATE SHE APPEARED TO HAVE LOST A CONSIDERABLE AMOUNT OF WEIGHT.

CALIBER CARTRIDGE CASES WHICH WERE IDENTIFIED AS HAVING BEEN FIRED IN WEAPON WHICH FIRED THE Q15 AND Q18 CARTRIDGE CASES RECOVERED AT THE ABDUCTION SCENE.

DUE TO LACK OF SUFFICIENT CORRESPONDING MICROSCOPIC MARKINGS, THE .30 CARBINE CALIBER UNFIRED CARTRIDGE FROM THE FLOOR NEAR THE FRONT DOOR (ITEM 10) COULD NOT BE ASSOCIATED WITH THE OTHER CARTRIDGES AND CARTRIDGE CASES FROM THE ABDUCTION AND ROBBERY SCENES.

FURTHER, THE .30 CARBINE CALIBER CARTRIDGE CASE FROM SIEGLE'S GUN SHOP (Q7) AND SIX CARTRIDGES FOUND AT 5329 WENTWORTH STREET (Q94-Q99) COULD NOT BE ASSOCIATED WITH ITEMS FROM THE ABDUCTION AND ROBBERY SCENES.

COPPER JACKET REMOVED FROM EUGENE BRENNAN WAS IDENTIFIED AS HAVING BEEN FIRED FROM SAME WEAPON AS BULLET FRAGMENT IMBEDDED IN WOOD FROM WINDOW OF 2607 BENVENUE STREET AT ABDUCTION SCENE.

BULLET FROM WINDOW FRAME AT 1390 NORIEGA STREET IS .30 CALIBER COPPER-JACKETED BULLET LIKE THAT LOADED INTO .30 CARBINE CALIBER CARTRIDGES. THIS BULLET AND THE .30 CALIBER COPPER JACKET FRAGMENT FROM FRONT DOOR (ITEM 12) FIRED FROM A BARREL(S) RIFLED WITH FOUR LANDS AND GROOVES, RIGHT TWIST, LIKE THAT FOUND ON .30 CARBINE CALIBER U. S. THE COPPER JACKET FRAGMENT FROM THE FRONT DOOR RUG (ITEM 4) IS MINUTE, AND OF NO VALUE FOR COMPARISON/IDENTIFICATION PURPOSES.

LEAD FRAGMENTS REMOVED FROM BRENNAN AND FOUND NEAR FRONT DOOR OF BANK APPEAR TO BE CORES OF COPPER-JACKETED BULLETS AND ARE OF NO VALUE FOR COMPARISON/IDENTIFICATION PURPOSES.

NO TRACES OF POTASSIUM CYANIDE WERE FOUND IN THE SUBMITTED BULLET AND BULLET FRAGMENTS.

The FBI Identification Division is requested to process all items submitted including cartridges for possible latent fingerprints and if any are developed, they should be compared with previous submissions in HEARNAP, Symbionese Liberation Army (SLA), and the August 7th Guerrilla Movement case. Cartridges should be examined for presence of mechanism marks, manufacturer, and any foreign material (cyanide) which may be imbedded in hollow-point portion of bullets. Cartridge cases should be examined to determine if fired in same weapon and for any association of mechanism marks with submitted cartridges. Any mechanism marks of value present on cartridges and cartridge cases should be compared with comparable previous submissions in HEARNAP, SLA, and August 7th Guerrilla Movement cases.

The Document Section is requested to compare signature only on car rental forms with writing previously submitted in HEARNAP, SLA, and August 7th Guerrilla Movement cases. At the conclusion of examination, the document should be returned to the San Francisco Division but the cartridge cases and fragments should be retained for the time being at the Laboratory for possible comparisons with future submissions.

Result of examination:

The conclusion was reached that the name and address enclosed in a drawn heart on Q176 was prepared by PATRICIA MICHELLE SOLTYSIK, purported writer of K7, K28 and Kc30.

A definite conclusion was not reached whether the remaining questioned writing on items submitted was prepared by the writers of unidentified questioned writing, known writing or purported known writing on items submitted in this case, case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM" or case captioned "AUGUST SEVENTH GUERRILLA MOVEMENT (ASGM) EM," due to the presence of unexplained variations, the lack of sufficiently comparable writing and the limited nature of some of the questioned entries. Some similarities were observed in comparing the hand printing on Q182 with the hand printing on previously submitted manila envelopes designated Q45, Q48 and Q63.

The following submitted items are carbon copies of previously submitted typewritten items as follows:

Q187 is a carbon copy of Q163.

Q184 is a carbon copy of Q164.

Q185 is a carbon copy of Q165.

Q188 is a carbon copy of Q166.

Q189 is a carbon copy of Q167.  
Q190 is a carbon copy of Q168.  
Q191 is a carbon copy of Q169.  
Q186 is a carbon copy of Q170.

The typewriting on Q178 through Q181 and Q183 is the same style as the typewriting on Q163 through Q171, Q32 through Q39 and Q20 through Q23, previously submitted; however, due to the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether these items were prepared by the same typewriter. Although some characteristics in common were observed in comparing the typewriting on these items, some of these characteristics are inconsistent.

Q183, Q185 and Q186 bear watermarks registered to the Neenah Paper Company, Neenah, Wisconsin. Other items submitted contain no watermarks. The submitted items contain no indented writing of significance or other characteristics to aid in definitely determining their source.

The submitted items, which have been photographed, are being returned separately.

This afternoon Dr. Murray Miron called Gallagher. As you will recall, Dr. Miron conducted a computer analysis of the first four tapes received from the Symbionese Liberation Army in this case. He is conducting a computer analysis on Tape 5 at the present time.

Dr. Miron stated that he recalled reading somewhere that the Hearst family have consulted Frederick Hacker of the Hacker Institute in California. Dr. Hacker is, according to Dr. Miron, an expert on terrorist activities. Dr. Miron is a member of the Psychology Department, Syracuse University, and is a professor of psycholinguistics.

Dr. Miron felt that Mr. Hearst by expressing amazement was not helping the situation concerning his daughter and if he is going to continue to appear before the press he should adopt other tactics.

Dr. Miron, as you will recall, suggested at a meeting at FBIHQ on April 3, 1974, that Patricia Hearst was the perfect subject to be kidnaped because she would lean upon and adopt the attitude of her kidnapers and predicted she would adopt a very hostile attitude toward the FBI and all of this was before the tape in which Patricia Hearst stated she was joining the SLA. Dr. Miron stated that while Patricia Hearst has been assimilated by the SLA with proper treatment she could be brought back into the real world. He said that her case is not unique. We had defectors after the Korean War who were brought back to reality upon their return to the United States.

He stated that psychiatric types could give support to the Hearst family and that they should not limit their contact to one person. Dr. Miron expressed the desire if possible to personally talk to Mr. and Mrs. Hearst and felt that he could possibly explain to them the reasons for their daughter's action and the fact that all is not lost, that she can be retrieved. He stressed that the Hearsts should not depend on any one psychiatrist or sociologist for guidance but should get a combination of views.

Memorandum to Mr. Gebhardt  
Re: HEARNAP

Dr. Miron inquired as to whether or not it would be possible for our San Francisco Office to convey his thoughts to the Hearst family and convey to Hearst that he, Dr. Miron, would like to sit down with the Hearsts. He stated that he made this unusual request because he was well aware that the Hearst family was under tremendous pressure and that he felt he could help them and if he wrote a letter not knowing who he was or anything about him the letter would be ignored. He said he would prefer a face to face talk because they could ask him questions and anything he put down would be cold and analytical.

Dr. Miron was advised that to Gallagher's knowledge the FBI had never had anything to do with Dr. Hacker whom he mentioned and that we could not recommend to Mr. Hearst that he see Dr. Miron and, in fact, all we could do would be to pass along his request to Mr. Hearst without any endorsement whatsoever and the decision would be solely Mr. Hearst's. Dr. Miron stated he fully understood.

ACTION:

If approved, San Francisco will be requested at the next meeting with Mr. Hearst, Dr. Miron's request be referred to him without any endorsement or recommendation whatsoever.

[REDACTED] Technical Development, Inc., 4720 Montgomery Lane, Bethesda, Maryland telephone 301-986-0180 was interviewed at [REDACTED]  
[REDACTED]  
[REDACTED]

His company has engineered a voice analyzer called a Mark II Voice Analyzer, which measures stress in the human voice. He is furnishing, free of charge, a mathematically based voice analysis of a poor copy of a less than one minute excerpt from the last PATRICIA HEARST tape (indicating willingness to join SLA).

This tape was obtained from the Management Safeguard Company, New York City, New York who prepared it from news media sources.

[REDACTED] company has worked on measuring emotional stress in individuals' voices for both the governmental and private sectors.

[REDACTED] furnished a one page graphic and verbatim transcript of the recording with selected words keyed on a scale from 20 to 60. Normal beginning stress levels in most individuals are values in the high 30's or 40's. Higher levels are indicative of very strong stress although not necessarily higher in proportion.

Working without control stress levels, [REDACTED] opinion is that PATRICIA HEARST is very stressed during the preparation of the tape but there is no evidence in [REDACTED] evaluation to indicate she was forced to make the statement under duress. The pattern of emotional reactions as indicated by the values set out, shows sincere and what appears for her to be normal emotional reactions for the situation.

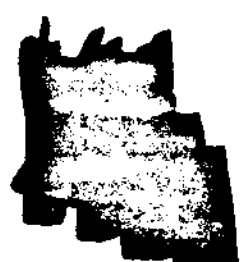

Interviewed on 4/16/74 at [REDACTED] File # BA 7-1097

## FEDERAL BUREAU OF INVESTIGATION

Date of transcription. 4/17/74

Psychiatrist,

advised as follows:

He has been furnished with six cassette tapes of communications from the SLA received on various dates in February, March, and April, 1974. These tapes were received from the Federal Bureau of Investigation (FBI) in San Francisco, California.

He has reviewed the messages with the help of a qualified fellow psychiatrist and he has completed his review and analysis. He advised as follows:

There are three possibilities as to PATRICIA HEARST's involvement in her kidnapping and related acts:

One, she was in on it from the beginning and had some prior knowledge of her kidnapping.

Two, at the time she was kidnapped and up to the present time, she is operating under total compulsion; that is, the "gun at the head" theory. In this context, she is not acting voluntarily.

Three, at some point in time after the kidnapping, members of the SLA were able to achieve sincere conversion in her mind so that she became voluntary in subsequent acts. The third category is commonly known as "brainwashing".

[REDACTED] would subscribe to the theory that at the present time she is under almost total compulsion in recording the last tape and what ever subsequent acts have become known since then. She is operating out of fear of bodily harm.

██████████ feels that there is a slight tendency on her part to have accepted some degree of brainwashing, perhaps ten or fifteen percent at the most. This brainwashing stems from a fear of death that would occur if

Interviewed on 4/16/74

BA 7-1097

SA

Date dictated 4/17/74

7700 1417

an armed FBI raiding party attempted to rescue her. She has possibly been persuaded to believe this over a period of time since her capture. She also did have tremendous confidence in her father. He had been an omnipotent factor in her life. She has seen him almost totally dominate what ever he comes in contact with, yet in the present situation he appears almost helpless and she sees this, and so she has become confused to some extent. Additionally, also adding to the ability of the SLA to slightly persuade PATRICIA HEARST into being brainwashed is the fact that the SLA are intelligent, articulate, and passionate radicals even though of a violent and terroristic nature. She has no doubt been subjected to intensive political persuasion by these people. Since she is a relatively young woman of approximately 20 years of age who has possibly been exploring various political persuasions in recent years, she is a prime candidate for reacting favorably to intensive political persuasion or brainwashing.

[REDACTED] noted that in the first few tapes the voice of PATRICIA HEARST appears to be speaking her own thoughts in her own way. She was spontaneous, measured, and appeared sincere in expressing her fears while attempting to reassure. Later in the tapes, her rhetoric becomes more that of the SLA and less that of PATRICIA HEARST. It is more stereotyped. It contains more of the radical jargon common to the SLA and similar groups. In the last tape she sounds like an "automaton", probably reading a prepared script and speaking in a voice and tempo that does not at all appear to be coming originally from within PATRICIA HEARST.

[REDACTED] advised that to reiterate his opinion, he feels that up to and including the point in time where she participated in the last tape, she is being motivated out of fear for her safety and would cease and desist from her participation in the tapes and whatever else she is doing with the SLA if she was, in fact, able to make her own choice. There is very little evidence to show brainwashing was successful in motivating her.

[REDACTED] feels that if PATRICIA HEARST continues to be subjected to the SLA persuasions on a regular basis, there is a definite possibility that the amount of compulsion necessary to have her involuntary perform acts with the SLA will be reduced and there will

BA 7-1097  
SJO:djr

be a proportionate increase in the degree of success achieved by the SLA brainwashing efforts.

~~\_\_\_\_\_~~ has had an opportunity to review various news media photographs and articles relating to the San Francisco bank robbery of April 22, 1974, in which it is indicated the SLA and PATRICIA HEARST are involved. He feels that the information concerning that incident is consistent with his review and analysis of tapes.

This relates to fugitive investigation of San Francisco, California, bank robbery on 4-15-74, wherein one male and three female suspects in Patricia Hearst kidnaping, as well as Patricia Hearst herself, have been identified as five of the nine participants in aforementioned bank robbery.

Attached is proposal of San Francisco Office to prepare a composite flyer containing photographs of the four bank robbery fugitives and Patricia Hearst for extensive circularization beyond that given to wanted flyers, such as to car dealers, auto rental firms, gasoline stations and the like.

The Mechanical Section is currently running wanted flyer on DeFreeze.

It is recommendation of the General and Special Investigative Divisions that we thereafter run a composite wanted flyer containing photographs and descriptive data on the other three women, Perry, Hall and Soltysik, charged in the 4-15-74 bank robbery.

To supplement the wanted flyers and for the special circularization referred to by San Francisco, a circular letter will be prepared and sent through separately for approval.

San Francisco Office (SFO) teletype 3/15 set forth request from U. S. Attorney (USA) Browning that Attorney General (AG) Younger, State of California, be furnished results of HEARNAP investigation. AG Younger contacted by SAC, SFO who said he had not asked for reports and did not want them at that time.

Attached advises USA Browning talked to AG Younger 4/17/74, telephonically in presence of SAC. SAC now believes due to expanded local prosecution for perjury by four Symbionese Liberation Army (SLA) suspects (Angela Atwood, William Lawton Wolfe, and William and Emily Harris) in obtaining illegal driver's licenses, as well as AG Younger's wide prosecutive interest in SLA activities, reports would be of assistance in over-all prosecutive responsibilities.

SFO has been disseminating previous reports to district attorneys in Contra Costa and Alameda Counties by cover letter enclosing reports with the cover pages and synopsis pages removed. They have telephonically advised this is the intended procedure for dissemination to Attorney General Younger.

General Investigative Division concurs and SFO furnishing results of HEARNAP investigation to Younger's Office.

SUBJECT: HEARNAP

Re Bureau telephone call to WFO, 4/10/74.

On 4/10/74, and 4/11/74, the following personnel of Senator CHARLES PERCY's office were interviewed: [REDACTED] and [REDACTED]. They all advised that at approximately 8:45 a.m. on 4/9/74, two Negro males came to Senator PERCY's office in the Senate Office Building in Washington, D.C. (WDC). The only one that gave a name pronounced his name as HOWARD MOORE (ph) who was 29 or 30 years old, had a height of 5' 8" to 5' 9", had a medium build with a dark complexion and had a full beard. These individuals claimed to be affiliated with the Anti-poverty Corps in East St. Louis, Missouri or St. Louis, Missouri. They stated that they wanted to see Senator PERCY to discuss a piece of legislation whereby every taxpayer in the U.S. could designate \$2.00 of his income tax for the needy and poor. These individuals were not allowed to see Senator PERCY and left Senator PERCY's office approximately 20 minutes after arriving.

On 4/10/74, [REDACTED] Columbia Broadcasting System, WDC, advised that MOORE had telephonically contacted her and wanted press coverage during their stop in WDC. [REDACTED] stated that she did not authorize any press coverage since she had never heard of MOORE or the Anti-poverty Corps. MOORE did state to her on the telephone, however, that he was trying to accomplish the same thing they're doing in the PATRICIA HEARST case by having a box on the income tax form that could be checked designating \$2.00 for the needy and poor. She stated that she has the CBS Station in St. Louis, Missouri, KMOX, checking to find out if they ever heard of MOORE.

The above is furnished for WFO UACB.

Enclosed for the Bureau is a detailed critique of the robbery of the Hibernia Bank, Noriega and 22nd Avenue, San Francisco, California, on 4/15/74.

Unless otherwise indicated in the enclosure, witnesses to this robbery made no identification of the suspects.

With respect to bank guard SHEA, he has been widely reported in the press as having identified PATTY HEARST as using profanity against him. SHEA has been interviewed on three separate occasions and information furnished to interviewing Agents is entirely inconsistent with these press reports. It is noted the suspect to which he refers has been identified as NANCY LING PERRY.

\_\_\_\_\_ witness outside the bank who was interviewed by Bureau Agents \_\_\_\_\_ is the only witness reporting that PATTY HEARST fired a weapon. Incomplete FBI Laboratory examination does not corroborate information furnished by \_\_\_\_\_. It appears at this point that DE FRUZE fired the shots both inside and outside the bank.

II: BANK ROBBERY

A. Bank Employees

[REDACTED] captioned bank,  
[REDACTED] heard female voice state, "Everybody hit the floor". She saw a light complected Negro Female (NF), 25-30 years, 5'6", brown curly wig, standing in front of security door near drive-up window. Got under tellers window. Heard, "The money is locked up. Where are the keys?" Heard two or three shots separated by a one minute interval.

[REDACTED] heard two or three voices, one possibly male, shouting words including SLA. Saw gun pointed at her. Noted movement to left and middle of bank lobby, including at least two persons, unknown if movement by robbers or customers. Voices yelled, "Stay on the floor" several times and she laid down behind the tellers counters. Last orders came from behind her in tellers area. Heard tellers drawers being opened. Voice may have been female. Same voice then said, "Where are your

keys?" Started to get up but was ordered to stay on floor.

[REDACTED] replied that keys were in righthand drawer at her window. She heard a drawer being opened and voice asked if this was the "master key". She answered no. [REDACTED] was told to move and was kicked lightly in right rib cage area. She moved as directed and heard rummaging she thought was related to her cash box. Shortly thereafter she heard loud noise resembling gun shot. In addition to cash taken from her drawer, [REDACTED] keys, three keys on a circular key ring with small metal tag bearing number "2" taken. One key made by Shaw Walker, Muskegon, Michigan, with designation "Made in U.S.A. for Yale, Eaton, Yale, and Towne, Inc." on reverse side. Second key made by Chicago Lock, Chicago, Illinois. Third key made by Eagle Lock Company, Terryville, Connecticut. All keys fit her cash drawer and/or truck where money stored when not in use. Gun observed by [REDACTED] appeared to be a short machine gun, dark in color.

[REDACTED]

[REDACTED]

[REDACTED] She observed male, possibly white, 6'0", 160-165 pounds, 20 to 30 years, light complexion, dirty blond frizzy hair, brown beard, tinted glasses, loose fitting jacket possibly dark green, wide-brimmed floppy hat, dark green rifle with square protrusion in center, entered front doors with group of people, pushing

"very hard" a female, 5'4", 115-120 pounds, medium brown shoulder length hair, covering part of face, dark belted coat. She stumbled from force of push. Heard male voice stating "This is for the SLA" or "from the SLA", then "everybody get down", and "This is TANIA", as if introducing someone. Then heard female voice as if an echo stating yea or yes: coming from middle of bank near where she had seen pushed female proceeding.

[REDACTED] on floor during above statements. Then heard voice on tellers side of counter stating "Give me your keys. Where are your keys?" Then, "Stay there. Give me your keys." Heard [REDACTED] tell robber keys in drawer. Female voice, "Are these all of them?" [REDACTED] id keys just for her drawer. Female robber became upset and began swearing upon finding out that keys did not fit other drawers. One minute after request for keys, [REDACTED] heard shot inside bank followed by second shot outside bank 30 seconds later.

[REDACTED]  
[REDACTED] behind tellers counter with back to lobby. Heard possibly female voice, "Get to the floor". Noticed other employees dropping to floor and did so herself. Another female voice from west end of bank near entrance said "We are from the SLA. I'm TANIA". Heard loud noise like gun shot from west end of bank, then female voice, possibly Negro, behind tellers counter near window one "I want your keys. Where are your keys? The drawer is locked". [REDACTED]

says, "I'll get them for you". [REDACTED] heard noise like someone being shoved against wall and female voice "Stay down if you know what's good for you" and "Where are the keys?"

[REDACTED] shouts "The keys are in the drawer". Heard clattering of three or four drawers and Negro male (NM) voice "Let's get out of here". Surveillance photograph of white female with short dark hair, dark coat, and gloves, resembles someone seen in bank two weeks prior to robbery.

[REDACTED] heard screaming. Saw White Female (WF), early 20s, medium brown hair, 5'6", standing in front of counter near drive-up window shouting "Get down. Get down. Everybody get down". [REDACTED] on floor, heard another female voice yell, "Give me the keys". Same woman later said something about "TANIA".

[REDACTED] Heard female voice to left towards drive-up window on customers side of counter, "Stand back and get on the floor". Saw WF, late 20s, 5'6" to 5'7", medium build, boney face, bold dark complexion, dark brown hair, appeared to be wig, dark thick eyebrows, dark clothing, pointing short barreled dark brown rifle in direction of drive-up window. [REDACTED] crawled behind file cabinets. Heard comments issued by female voices. Female voice yelling about keys, saying was unable to find them. Heard shuffling of feet behind

tellers cage area. Two minutes after ducking to floor [REDACTED] heard three or four shots in rapid succession sounding like inside bank near front door. Few minutes later three or four more shots in rapid succession and sound of breaking glass. Selects HALL as person observed above.

[REDACTED] seated at window at extreme east end of tellers counter near drive-up window. Saw two WFs, number one wearing heavy makeup, prominent nose, brown wig, wearing gray carcoat with hands in pockets, number two WF fairly attractive, little makeup, short wig, shorter than number one. Females entered bank together arm in arm, seemed to be marching. [REDACTED] first thought they were homosexuals dressed as women. Females walked to customer service counter in lobby of bank. Stood there 10 to 15 seconds, number one smiled and stared at tellers, particularly [REDACTED] several individuals came through front doors of bank, one shouting, possibly male voice "Get down on floor in the bank", or words to that effect. [REDACTED] went to rear of bank and did so leaving cash drawers open. Heard panicky woman's voice, seemingly much closer, saying "Where's the keys? Where's the keys?" or words to that effect. Heard opening and closing of drawers and two shots from direction of front door. Possibly male voice, high-pitched shouting "We're the SLA". Woman's voice, not as emphatic as previous woman's voice, shouting "I'm TANIA ..." did not hear end of statement.

Heard sounds of running. Identified photograph of HALL as one of the robbers and tentatively identified NANCY LING PERRY as another. Based identification of HALL on facial characteristics.

~~\_\_\_\_\_~~ behind tellers counter with back to lobby, heard someone say, "Get down" and did so. Numerous voices, male and female, including bank employees shouting to get down. Female voice "Get your keys" near west end of bank. Ten seconds later heard four shots then male voice stating, "91, 93". One and one-half minutes after first shots were fired, heard four more shots, not especially loud. Sounded like firecrackers.

EDWARD E. SHEA, aged 67, 641 Post, Number 701, 928-0909, Young Patrol Service Security Guard, standing twenty feet from front of entrance, saw four persons enter bank. Two proceeded to right and through lobby and other two, NM 5'7" to 5'9", 150 pounds, medium build, 25 to 30 years, medium complexion, beard or goatee, no Negro dialect, wearing wide-brimmed dark hat, carrying rifle or carbine with ammunition clip and WP, 5'3", remaining generally near entrance. NM directed vault clerk, a female, to come out from behind counter. As vault clerk did so, NM leaned over counter, grabbed her by arm, and pulled her around counter and into lobby of bank, placing her on hands and knees, face down.

NM then directed SHEA to enter lobby and lay down on floor. As SHEA walked into lobby, observed NM with Smith & Wesson 138 Special, four-inch blue steel revolver. NM stopped SHEA and disarmed him. SHEA entered lobby and laid down on floor between first and second customer service counters. At beginning of holdup, NM declared in loud voice that "This is a holdup", or words to that effect. WF ten feet from door of bank (location of NANCY LING PERRY) threatened to shoot the first person to move, told everyone in the bank to get on the floor, and used profanity. She carried a large, dark weapon. Did not hear "SLA" or "TANIA".

[REDACTED] behind counter to left of bank entrance heard metallic clanging and looked up and saw three persons with guns standing between her desk and public entrance. NM, 5'10" to 6'0", medium build, 180 pounds, brown complexion, prescription glasses, full beard, pale in color, 28 years old, wore waist-length coat, carried a short rifle, dark in color, with possibly full stock and magazine. The WF, who stood next to black male when they entered bank, had short dark, cropped hair or close-fitting hat. Wore blacks. Gun same as carried by black male. She was shorter than NM. A second WF, taller than the first, not as tall as NM, unknown if armed. As soon as noticed robbers, the NM said, "Freeze, this is the SLA", then walked to [REDACTED] desk and said "Got

out of there". She opened the gate in her partition by pressing a hidden button and stepped through the gate into the lobby area. The NM grabbed her by the right arm and thrust her towards the center of the bank. He then stepped through the gate and looked at the button she had depressed.

**[REDACTED]** crawled along the floor to the center of the bank customer area and crouched before customer service table.

Then she heard voice believed to be NM's saying "91, 93" in aggressive, commanding voice, sounding like commands or orders. Then heard a volley or burst of shots. She heard three-distinct cries or moans. She could not tell whether they were inside or outside of the bank. Then was a short period of silence and then more shots.

[REDACTED]  
[REDACTED], heard shooting, then saw WF in center of customer lobby, 21 - 22 years, 5'3" to 5'5" tall, 115 pounds, slender build, dark eyes, black, close-cropped hair, down just below ears, styled semi-shag cut, light complected, "kind of pretty", small nose, holding gun resembling M-16 in right hand, barrel appeared to be cut off, strapped. [REDACTED] hands up and asked if he should lie down on the floor near where WF was standing. She nodded. At start of robbery [REDACTED] observed NM with weapon resembling M-16 in safe deposit counter area of bank saying something about "SLA" and ordering witnesses to "get down and stay down". During robbery, [REDACTED] heard two shots inside of bank, followed a short while later by two shots outside or on the way outside. He heard female voice, "This door is locked. Number two, where are your keys?"

[REDACTED]  
[REDACTED] heard excited high-pitched sounding female voice. Looked through one-way window, saw people getting down on floor. Saw two females with machine guns. One WF, 21 - 23, 5'3" to 5'5" tall, 100 pounds, slender build, dark eyes, light complexion, small nose, right handed, wearing dark carcoat, standing at end of teller's counter

looking towards front of bank. Activated alarm. Heard "Get the keys, get the keys". Five or six minutes after he sounded alarm, heard two shots and after a three or four second interlude, two more shots.

[REDACTED] desk near partition near front door. Heard commotion, glanced up, saw guns. NM at counter facing her pointing gun. Heard order to get up and on the floor told to [REDACTED] who was using the telephone at [REDACTED]. Laid down on floor. Heard "We're SLA", "TANIA", "Where's your keys. Got the keys", all in female voices. Heard two or three shots followed by a five to ten second delay and more shots. WF, early twenties, 5'4" to 5'5" tall, 115 to 120 pounds, wearing jacket, slender build, crouched stance, wearing black fitted cap all the way around, and Eisenhower-type jacket with waist-band, holding dark, dull-finished 3 to 4 inch barreled revolver. Gave orders. NM facing away from [REDACTED] stood near safe deposit counter holding weapon on right side near body, 5'7" to 5'8" tall, medium build, mid-twenties, holding 2-foot long rifle with wood stock and 1 to 10-inch barrel.

[REDACTED]  
seated at desk of [REDACTED] heard female voice, "We're from

the SLA. This is a holdup". Saw white female ten feet inside of bank, facing witnesses. She was holding long gun described as white female, 5'6" to 5'7" tall, medium build, wearing light cap.

[REDACTED]  
[REDACTED] was in the teller's area of the bank talking on the telephone when she heard shouting, "Get down on the floor", or words to that effect. She did so. Subsequently, she heard possibly a female voice demanding keys and the sound of drawers being opened and closed.

HEARST, and he did not observe the 1973 green Ford or the  
black up vehicle, the red hornet.

[REDACTED]  
[REDACTED] entered Sunset Office, Hibernia Bank, around 9:40 AM  
to cash check. While waiting for the check to be counter-  
signed, she heard a commotion behind her and the statement  
to the effect "This is the SLA". She turned right and saw a  
young lady standing between herself and the drive-in window.  
This person was holding a short rifle, as opposed to the standard  
hunting rifle, military appearing. The weapon was shiny and  
new looking. The young lady said, "lay down" or "get your hands  
over your head". She then turned to [REDACTED] and stated "you  
there, lay down over there with your hands on your head".

[REDACTED] complied. As she turned, she noticed another girl, whose  
back was to her, who apparently was holding some sort of a rifle.

[REDACTED] layed down and observed nothing further, but did hear at  
least three shots being fired. [REDACTED] after the robbers left,  
administered to the wounded man. She described the young lady  
near the drive-up window as white female, 5', average build,  
brown hair, wearing Navy blue clothing. [REDACTED] described the  
second girl she observed as a white female, approximately 5'2",  
same weight and build as the first girl.

B. BANK CUSTOMERS

[REDACTED] entered Sunset Office, Hibernia Bank, 9:45 AM, to cash check. He heard commotion, turned, observed group of individuals entering bank with weapons and observed them pushing the bank security guard. [REDACTED] has a clear recollection of only two of the robbers, one a Negro male, who remained near the front of the bank, while the second, a white female carrying a weapon in both hands, watched NORTON. This individual, according to [REDACTED] stated "SLA" at least three times and he also heard "PATTY HEARST" more than once. Robber ordered everyone "get down on the floor" and repeated similar type wordings several times. [REDACTED] recalls remarks concerning "keys". [REDACTED] heard a burst of gunfire six to seven rounds, then a single shot, and heard glass breaking. After a minute, the statement "it's okay, they're gone". He then left the bank.

[REDACTED] feels the individual he observed was PATRICIA HEARST. He has observed her picture on television almost daily prior to the bank robbery. [REDACTED] insists that HEARST appeared to be the leader as she did most of the talking and was loudest. [REDACTED] does not recall if other robber had weapons pointed at

[REDACTED]

[REDACTED]

entered bank 9:30 to 9:45 AM. After he released the left swing door, he heard the door slam and then someone close behind him, turned to observed white female, early 20s, 5'4" to 5'5", slight build, brown hair, medium brown fine hair, possibly in bun or tucked under collar of coat, smooth face, tannish make-up base, no lipstick or rouge, narrow face, and straight nose. She was stooping to pick up two dark colored cartridge clips. Copper jacketed blunt nosed cartridges were scattered about doorway outside bank. She held a chopped off rifle or carbine approximately 24" long with a 14" straight clip. When she entered the bank, she stated "This is a robbery, everyone on the floor", "SLA, SLA", or "This is the SLA". Complying

with robbers' demands in observing other individuals accompanying this white female, [REDACTED] went to the floor between a desk and partition near the front of the bank. He was attempting to crawl behind the desk when a white female, identified through surveillance photographs as PATRICIA SOLTYSIK, took him by the arm and directed him to the floor by the customer service counter.

[REDACTED] indicates person picking up cartridges carried carbine and had hair visible, but surveillance photographs of PATRICIA SOLTYSIK show hair completely covered by light knit cap and show her carrying handgun. [REDACTED] on viewing photograph

spread, selected photo of SOLTYSIX as most resembling facial appearance of individual picking up cartridges, but stated that hair of PATRICIA HEARST in surveillance photographs and weapon carried by PATRICIA HEARST most resembled individual picking up cartridges.

### SHOOTING VICTIMS

EUGENE ANTHONY BRENNAN interviewed at the San Francisco General Hospital, April 16, 1974, recalls entering the Hibernia Bank, Sunset Office, San Francisco, and realizing that robbery was in progress, he started to leave, heard loud noise, felt heavy feeling inside, reached down and discovered blood. He was transported to hospital where it was found the bleeding was from a bullet wound. BRENNAN, who observed nothing concerning the bank robbers, ran a short distance from the bank after he was shot.

BRENNAN's companion, PETER PANTA MARKOFF, interviewed at San Francisco General Hospital, April 16, 1974, recalls following BRENNAN into the Hibernia Bank, Sunset Office, San Francisco. He thought he heard a male voice say, "Get out of here", and recalls observing a male with a beard, no further description, standing near the quick-deposit box. This individual was holding a short rifle or shotgun which was pointed at MARKOFF. As MARKOFF backed out of the bank, he heard a loud noise which he assumed was a shot. He thereafter fell to the sidewalk, and although he heard other shots, he does not know who fired them or from where they came.

### III. ESCAPE

[REDACTED]

approximately 9:45 a.m., seated in car in front of bank near entrance of bank, observed three or four persons dressed in dark clothing enter bank in single file. The first individual dropped a dark object on ground and while retrieving same, was urged or pushed by second individual toward bank door. These persons then entered bank and several minutes later she heard shots and her attention was diverted as she thought it was a backfire from an auto. When she returned her attention to front of bank, she then saw a male, possibly a Negro, wearing dark coat and black hat with floppy brim, fire two or three rounds from gun from underneath his coat. At the same moment observed his associates turning north on 22nd Street, and the Negro male followed. [REDACTED] unable to make any identifications.

[REDACTED]

[REDACTED] parked her vehicle across from bank on Noriega, started across street toward bank when occupants of a red car in abandoned service station southwest corner 22nd and Noriega Streets, stated, "Get down lady". She complied and thereafter observed four individuals, one of whom was a Negro male who resembled DONALD DAVID DE FREEZE, leave the bank.

This individual fired at least one round outside the bank, then followed the others around the corner out of [REDACTED] view. The red car then, at a high speed, proceeded across Noriega in a northeasterly direction on 22nd Avenue. [REDACTED] observed the vehicle to be occupied by four white males in their early twenties and as they left, she observed one of the individuals in the back seat to be armed with a rifle.

[REDACTED]

9:45 a.m., looked out her window after hearing what she thought was a backfire and observed a male lying on the street near the bank. She then observed a male fire a weapon toward the southwest. This individual then entered a green station wagon, simulated wood sides, parked across from her residence on 22nd Avenue by the side of the bank. The vehicle occupied by four or five other persons took off in a northerly direction. All occupants she thought were white, possibly one was a girl. She obtained partial license from the station wagon, 883 ---. She observed a red car, make unknown, at the same time but did not relate it to the station wagon, and the individual shooting.

[REDACTED]

interviewed by FBI, [REDACTED] was seated in vehicle in front of Sunset Office, Hibernia Bank, San Francisco, at time of robbery.

Saw four individuals come around corner from 22nd Avenue and enter bank. Two were females, one a male, fourth unknown. One female, who she identified as PATTY HEARST, dropped item as she entered bank which was described as white, circular, three to four inches in diameter, and appears to be paper. HEARST picked this item up and continued on into bank. [REDACTED]

[REDACTED] next observed a male wearing green jacket walk into the bank, and this individual immediately started out of the bank and was shot in the back through the door. Four robbery suspects exited bank a short time later and the female identified as HEARST stopped along with a second white female while the Negro male and a third female continued around the corner. HEARST fired weapon down street, and [REDACTED] dropped to the floor board of the car. [REDACTED] did not see the getaway vehicle, nor did she observe the suspected back-up unit.

[REDACTED] was positive as to her identification of HEARST as a result of having observed the photograph of HEARST on television almost daily.

[REDACTED]  
[REDACTED] observed drive-up window was unattended at Hibernia Bank, Sunset Office, San Francisco, and he did not observe tellers at their windows. He recalls what he described as a white male in his twenties, six feet

tall, 180 pounds, red beard and mustache, wearing an off-white cowboy type hat, inside the bank. This individual was gesturing like he was giving orders and his mannerisms suggested that he had a gun in his hand, although [REDACTED] did not observe one. [REDACTED] could not describe the only other person he saw in the bank. [REDACTED] recalled the drive-up window teller told him there was a robbery, at which point he drove off to call the police.

[REDACTED] was with her boyfriend, [REDACTED] at the Hibernia Bank, Sunset Office, San Francisco, at the time of the robbery, but when [REDACTED] drove away from the bank to call the police, she remained in the car parked immediately across the street from the bank. From this location, she observed four persons run around the corner from the bank and saw them get into a light green full-size, older model, station wagon with brown wood paneling. She could not recall the total number of occupants in the vehicle but described the four she observed running to the car as two tall individuals and two very short, almost the size of children. They were wearing dark clothing. She

observed the vehicle to proceed north on 22nd from Noriega then to turn left or in a westerly direction on Moraga. The station wagon was followed by a small red car somewhat larger than a Volkswagen.

[REDACTED] had returned from the bank. They heard shot, ran to door, saw owner of nearby liquor store on pavement in front of bank, ran to help, saw three female adults, 20 to 25 years, approximately 100 pounds, five feet two inches, wearing dark clothing and dark wide floppy brim hats, exit bank followed by Negro male carrying a carbine with a folding stock and a pistol grip. Negro male pointed gun in direction of [REDACTED] who flattened himself against wall of bank, heard one or more shots, observed Negro male running around corner, ran to victim on sidewalk, inquired his condition, victim stated shot in leg. [REDACTED] looked around corner to observe light green late model Ford station wagon with wood paneling pull away from bus zone, travel one block, turning west on Moraga, followed by second car (no description) at approximately one half block distance. Bullet slug apparently from shot fired at [REDACTED] recovered from window casing one block east of bank.

[REDACTED]  
[REDACTED] across from the bank, heard several shots, looked toward bank, observed two persons come out and observed these individuals to be carrying 30-caliber weapons. [REDACTED] described these two individuals as white as as either male or female.

[REDACTED]  
[REDACTED] heard noises resembling gunshots but observed nothing.

#### ESCAPE VEHICLES

Escape vehicles recovered, San Francisco Police Department and Bureau Agents, approximately ten blocks from the bank at 30th Avenue and Lawton Street. Vehicles, 1973 Ford LTD station wagon, green in color, California license 882 PXV, and 1974 American Motors Corporation Hornet, red in color, California license 031 J2V. Station wagon rented April 12, 1974, 6:35, through [REDACTED] Pacific Car Rental, 332 Mason, by one person whom he picks as NANCY LING PERRY. #### IV. SURVEILLANCE CAMERA FILM

The Hibernia Bank, Sunset Office, San Francisco, California, is equipped with two surveillance cameras located above the door to the office. The 35 millimeter surveillance cameras, when activated, expose four frames per second, and in connection with the robbery on April 15, 1974, the camera was activated by the Bank Manager, JIM SMITH, who was in a loft location, after he heard confusion in the bank lobby, and observed the robbery. Approximately 400 frames of film are believed to have been exposed, and at four frames per second, this would indicate that the robbers were in the bank for approximately two minutes.

Surveillance camera film discloses that white female robber, now identified as PATRICIA SOLTYSIK, at the time she is first observed in the film on frame A-10, is at a location at the west end of the officer's platform. She is armed with a revolver carried in her right hand, is wearing a grayish colored knit hat which covers all her hair, a scarf around her neck, a shiny-colored dark coat and lighter-colored slacks. She is wearing ankle-high shoes with dark socks. SOLTYSIK, in frame A-47, is observed vaulting the teller's counter at the second window from the west end of the teller's line. In subsequent frames she is observed in the area of the teller's drawers and cash cans at the three teller's

windows at the west end of the bank. She ultimately comes back over the teller's counter at the same window, and as she departs the bank, appears to be carrying robbery proceeds in some type of plastic sack.

CAMILLA HALL is first observed on the film on frame A-53 when she appears at the east end of the line of teller's windows from a location in the southeast corner of the bank lobby, which is out of the camera's range. She is armed with a shoulder weapon, which she holds at waist level and throughout the robbery is depicted as generally covering the employees' area as she faces in a northerly direction. HALL is the first person to depart from her position, walking to a location near the exit from the bank. She is possibly wearing a wig. She has on a three-quarter length, dark, furry-type coat, dark slacks, light-colored socks, two-tone suede and leather shoes. She is also wearing gloves, and as she departed the bank, she has her right hand in her coat pocket and her weapon is concealed under her coat.

PATRICIA HEARST first appears on the surveillance film on frame A-54 simultaneously with CAMILLA HALL. She takes up a position in the middle of the bank lobby facing in a southerly direction so as to cover customers lying on the floor and on the officer's platform. Throughout the robbery she remains in this general area. She, like other members of the group, has her right hand inside her right

coat pocket, apparently where there is a hole in her outer clothing which enabled her to control the shoulder weapon, which she is carrying at one point with one hand to conceal this weapon under her outer garment when entering the bank. HEARST, during robbery, moves her weapon from time to time and when a young white male enters the bank during the robbery, she points her weapon in his direction as he is controlled and placed on the floor. On frames A-248 through 257, PATRICIA HEARST is observed to turn her weapon on two elderly white males as they enter the bank, her weapon is then returned in the direction away from them, but at the time they are shot her weapon is returned in their general direction. At the moment of the shooting HEARST's mouth is open, and her facial expression is subject to the interpretation of viewer of the photo. She is also depicted in the film as either directing or signaling persons on the floor with her left hand, or checking her watch. HEARST has shoulder-length hair, which may be a wig, knee-length coat with lighter-colored buttons, dark pants and waffle stomper type shoes. She has a sling on her rifle.

The white female identified as NANCY LING PERRY is first observed in frame A-30. She is armed with a .30 caliber carbine with a pistol grip and banana clip. She is observed with her hand in the trigger guard. She is located near the entrance to the bank facing in an easterly direction

at a point by the door and where the individual identified as DONALD DAVID DE FREEZE is located during the robbery. PERRY has short hair, is wearing a dark-colored woolen coat appearing similar to the one worn by PATRICIA HEARST. She has a flowered pattern blouse worn under her coat.

The Negro male, now identified as DONALD DAVID DE FREEZE, is first observed in frame A-14 and is pushing a white female, believed to be the vault teller, toward the area of the officer's platform. He is then observed to relieve the armed guard of his .38 revolver. This is done with his left hand, and this weapon is apparently placed in his left pocket. Throughout the robbery, DE FREEZE remains in the general area of a quick service deposit drop located near the west end of the teller's windows. From time to time he would change his location by moving a few steps to a point at the west end of the line of teller's windows. In frames A-169 through 174, DE FREEZE appears to be saying something and possibly checks his watch. Frames A-174 through 188 show DE FREEZE reach over the teller's counter at the west end of the teller's line. Frames A-248 through 251 show two elderly white males entering the bank, and frames just after A-255 show DE FREEZE discharging his weapon, it being noted that the two elderly white males were shot. DE FREEZE is observed to be carrying a .30 caliber carbine with a banana clip and shoulder strap. His right hand is placed through his right

coat pocket to control the pistol grip on the rifle. DE FREEZE is wearing a light-colored wide floppy brimmed hat, a three-quarter length coat with belt, dark pants, and either moccasins or some type of suede shoes. He is wearing prescription glasses and appears to need a shave.

Surveillance film discloses that during the robbery, participants will move their weapons so that other participants will, from time to time, be in each other's line of fire.

Female suspect identified as CAMILLA HALL is first person to leave the bank.

PATRICIA SOLTYSIK, who is carrying the robbery proceeds in a nylon or cloth sack, with what appears to be a plastic appearing material on the top, with drawstrings of a type used for camping or outdoor activity, follows.

Female suspect NANCY LING PERRY next to leave the bank.

Female suspect, identified as PATRICIA HEARST, holds her position as the other females are departing, covering the lobby and the officer's platform, making checks as to the progress of the departures. She then sidesteps to the door, still covering the bank lobby, and exits.

Suspect, identified as DONALD DAVID DE FREEZE, covering the bank lobby, then departs from the bank.

## V. PHYSICAL EVIDENCE

### LIVE ROUNDS

Two rounds from inside abandoned Ford station wagon, California license 882 FXV, used as getaway vehicle. One round recovered just outside of this station wagon. One round recovered inside bank. Two rounds recovered just outside front door of bank.

### SHELL CASINGS

Four expended .30 caliber carbine shell casings recovered inside bank. Two expended .30 caliber carbine shell casings recovered outside the bank.

### OTHER

Rental applications for getaway cars, papers, debris from getaway car as well as latent fingerprints from vehicles have been forwarded to the FBI Laboratory and Identification Division for examination.

Good quality surveillance camera photographs were obtained of all five inside participants in bank robbery.

Smith and Wesson revolver, Model 10, .38 caliber Special, Serial Number 245439, taken from bank guard has been entered NCIC.

#### PRELIMINARY FBI LABORATORY EXAMINATION

Four expended .30 caliber cartridges found in the bank were all fired from one weapon.

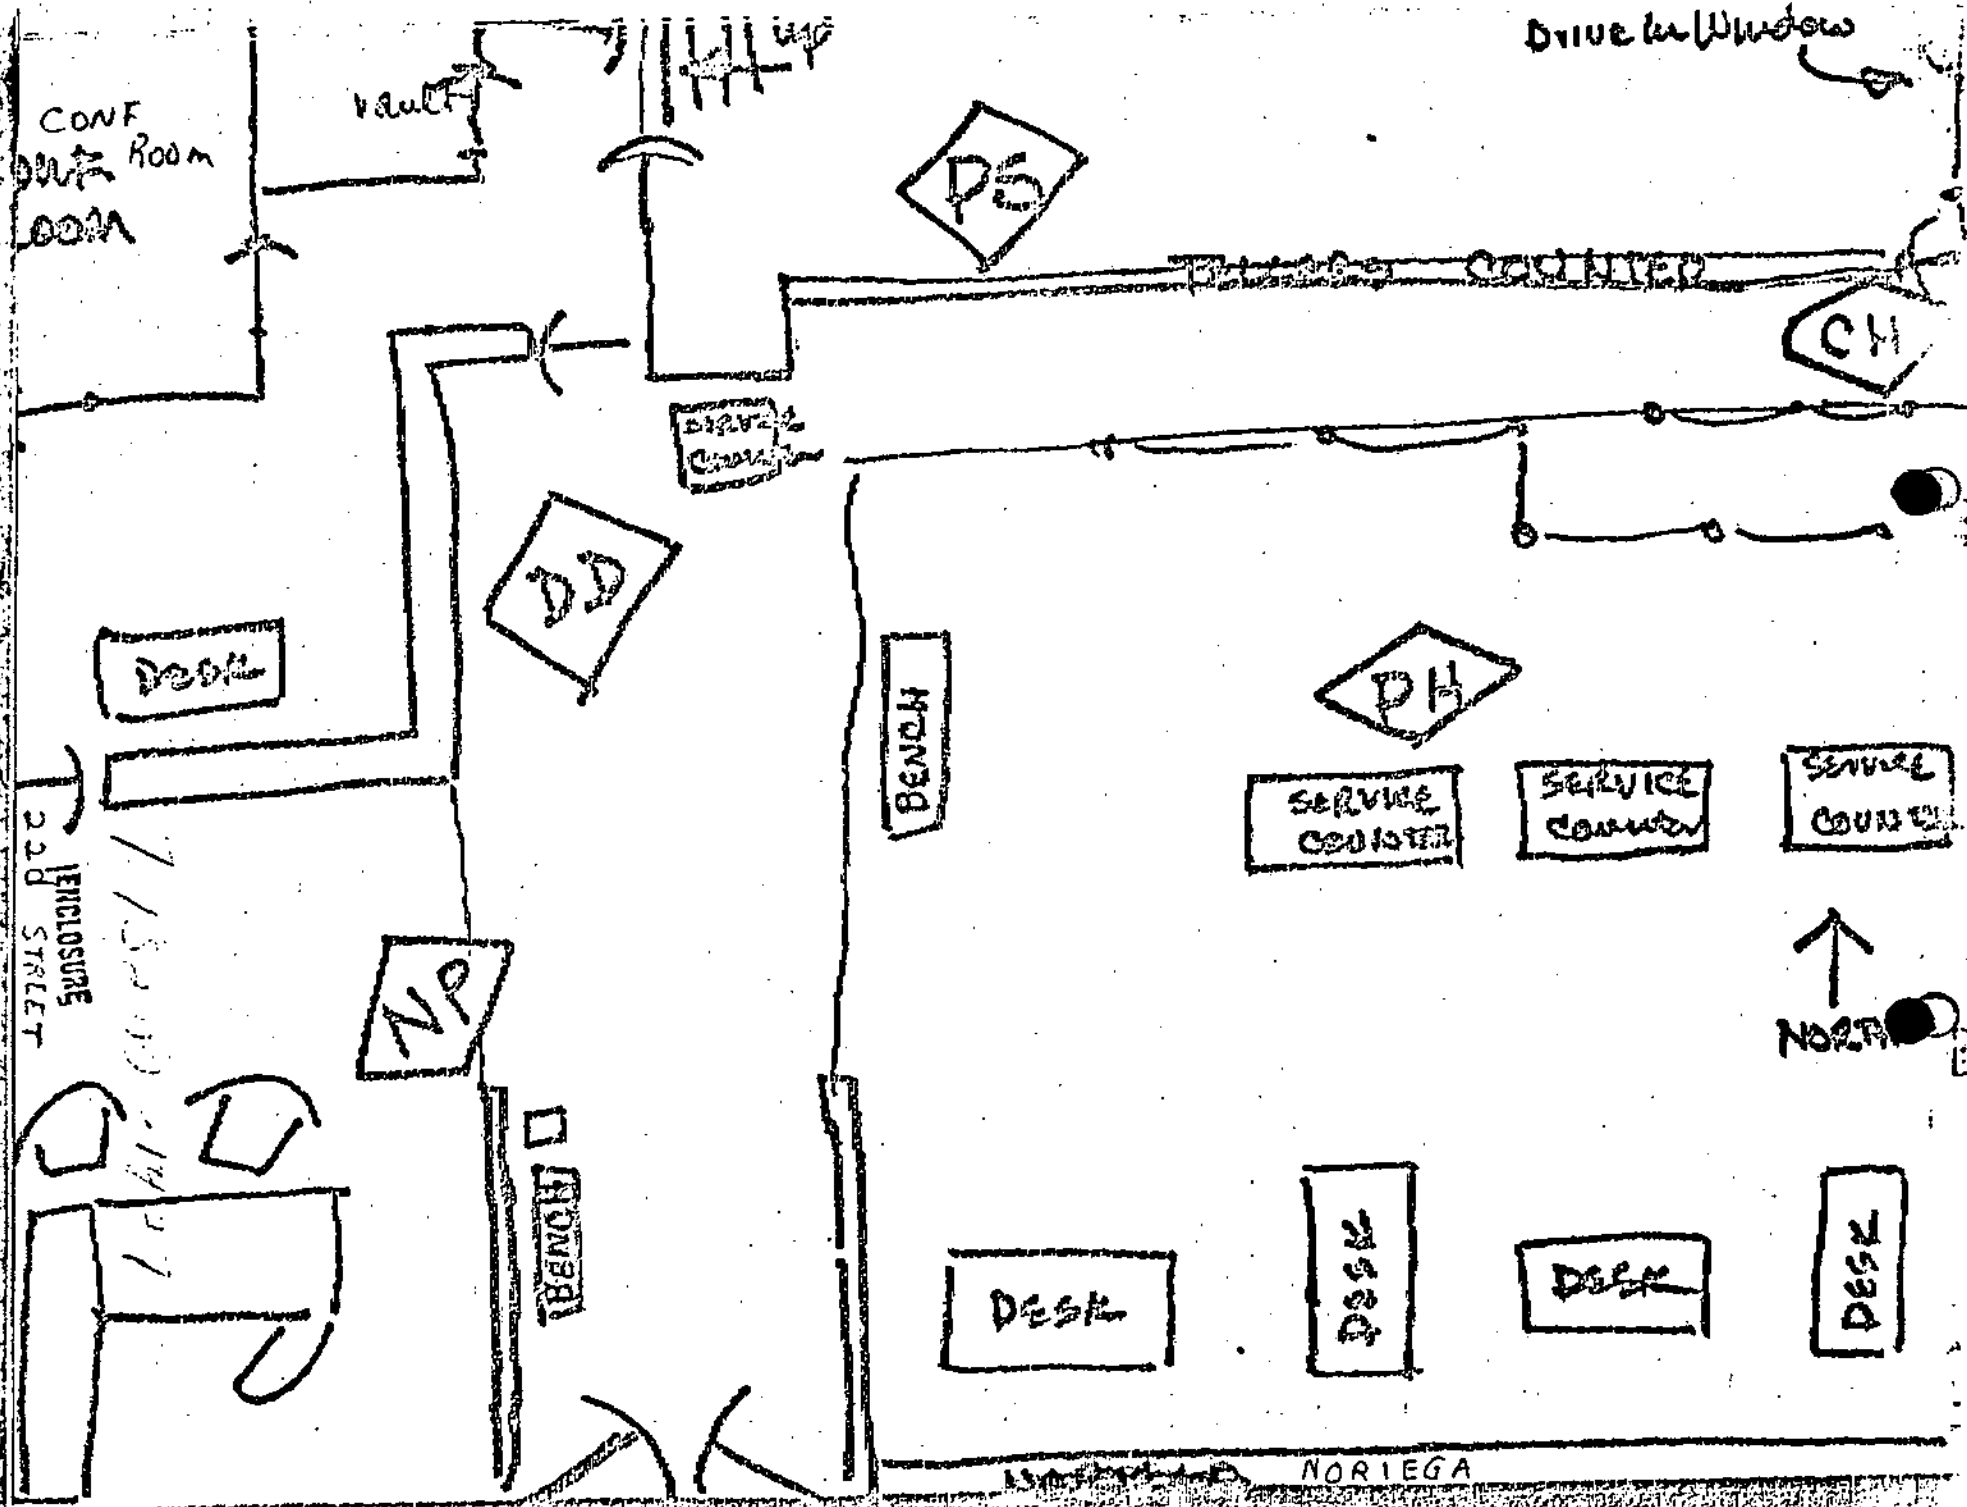

One live round .30 caliber carbine ammunition found near front door inside the bank was loaded and extracted from the same weapon as fired the four cartridges.

Four of the other live rounds .30 caliber ammunition located during bank robbery crime scenes were identified as having been loaded and extracted from the same weapon used in the PATTY HEARST kidnaping. This is a different weapon than was used to do the firing of the four expended cartridges.

The sixth live round bore no markings which would enable Laboratory personnel to make any type of identification.

#### VI. PROCESS

On the evening of April 15, 1974, complaint authorized by the United States Attorney at San Francisco filed at San Francisco, California, charging CAMILLA HALL, NANCY LING PERRY, and PATRICIA SOLTYSIK with armed bank robbery, bail \$500,000.00 on each warrant. A Material Witness Warrant was issued for PATRICIA HEARST's arrest, bail \$500,000.00. On April 16, 1974, DONALD DAVID DE FREEZE was charged with armed bank robbery, warrant issued, bail \$500,000.00.

At 11:22 a.m., 4/19/74, Section Chief Richard F. Bates, Criminal Section, took a referral call from the Director's Office from a [REDACTED] Los Angeles, California.

[REDACTED] stated that a suggestion had been made to him that perhaps his company might consider possibly offering a substantial sum of money to Patricia Hearst for a 25-minute tape by Miss Hearst setting forth her life's philosophy. [REDACTED] stated that there was a Negro newspaper woman in San Francisco who allegedly is in contact with the underground movement and that perhaps she could be used as the conduit by which Miss Hearst might forward such a tape to [REDACTED] suggested that if such arrangements could be made with this unidentified woman by him, the Bureau might wish to place her under surveillance in an attempt to locate Miss Hearst.

Fox desired to know whether the FBI would have any objection to such a proposal inasmuch as his company would, undoubtedly, produce this tape if obtained for commercial purposes. It was explained to him that the Bureau could in no way make any suggestions as to the commercial operation of his company. It was suggested to him that if he wished to pursue the matter further as far as attempting to gain such a tape from Miss Hearst that he should contact our San Francisco Office inasmuch as it is in the best position to determine whether such a proposal by [REDACTED] would either help or obstruct the HEARNAP investigation.

FROM : SAC, LAS VEGAS (7-313)(P)  
SUBJECT: HEARNAB

DATE: 4/11/74

Enclosed herewith for latent fingerprint examina-  
tion is one glass which was served to unknown female.

At approximately 1:00 PM, 4/10/74, [REDACTED]  
[REDACTED] Las Vegas, Nevada, telephone  
number [REDACTED] employed [REDACTED]  
[REDACTED] telephonically contacted the Las Vegas Office  
of the FBI and stated a female was in the [REDACTED] who  
resembled PATRICIA HEARST. Agents were immediately dis-  
patched to [REDACTED] however, [REDACTED] advised shortly  
after her telephone call the female had left.

[REDACTED] stated the female was in the company of a  
Negro male, who she described as about 30 to 32 years of  
age, good looking, having a small goatee and wearing sport  
clothes. The unidentified female she described only as  
having on casual clothes and wearing a blue felt hat. When  
shown a photograph of PATRICIA HEARST, [REDACTED] stated the  
unknown female bore a strong resemblance to the victim,  
however, she could not positively state it was HEARST, nor  
could she offer any further physical description.

Latent Fingerprint Section requested to process  
enclosed drinking glass for latents and compare against  
items previously submitted by San Francisco to determine

In this FD-302 [REDACTED] admits that during the interview he had furnished conflicting information and false information, knowing that it was a prosecutable offense to do so but still alleging that he was personal knowledge of a group of extremist and individuals whom he alleges are involved in the kidnaping and holding of PATRICIA HEARST at a location in Portland, Oregon.

Also enclosed for Springfield is a one page handwritten letter directed to [REDACTED] dated 3/20/74, signed by [REDACTED] which letter requested [REDACTED] to deliver to the bearer [REDACTED] his personal effects, [REDACTED] according to [REDACTED]  
[REDACTED]

For the information of the Bureau and all receiving offices, since February of 1972, inmates in Federal penal institutions have had open correspondence. Incoming mail is merely searched for contraband and read in a spot-check manner. Outgoing mail is also read in a spot-check manner.

GA [REDACTED]

AT 7-1304

For the information of all receiving offices, although incoming and outgoing mail is read in a spot-check manner, mail going into or coming from the segregation unit is generally read in its entirety by officers assigned to that unit. Contact with officers assigned to the Segregation Unit during [REDACTED] incarceration at the penitentiary was negative as to them remembering any mail he may have received that mentioned victim PATRICIA HEARST. All officers felt certain that had any letter come into the Segregation Unit that mentioned victim, HEARST they would have remembered same.

A number of newspapers are carrying stories today, such as that on the front page of this afternoon's "Washington Star-News," identifying a notebook and Patricia Hearst's name, which was found by police in a burned SLA headquarters three weeks before the kidnaping of Patricia Hearst. Randolph Hearst is claiming that the notebook was "unquestionable proof" his daughter was not involved in the abduction. He is also stating that he could not understand why neither he nor his daughter was notified by police when the notebook was discovered on January 10, 1974, in the SLA house in Concord, a town across the bay from San Francisco.

The notebook in question is part of voluminous material seized by the Concord, California, Police Department at 1560 Southerland Court, Clayton, Contra Costa County, California, incidental to a shootout and apprehension of two SLA members on 1/9-10/74 for the slaying of the Oakland, California, school superintendent. After the kidnaping of Patricia Hearst on February 4th the San Francisco Office endeavored to obtain and review the above material for possible leads in connection with the kidnaping of Patricia Hearst and in view of the material being identified with the SLA which claimed credit for the kidnaping shortly after it occurred. The Concord, California, Police Department submitted the material to the FBI Laboratory for analysis and attached is a copy of the page in question, which may possibly be the notebook of Nancy Ling Perry, one of the SLA members charged with the bank robbery earlier this week in San Francisco.

We have been getting a number of inquiries from the media requesting a comment from the FBI concerning the above notebook and the reference to Patricia Hearst. In view of its possible evidentiary nature with respect to the kidnaping and other crimes possibly perpetrated by the SLA, the following response has been made concerning such inquiries:

- 1 - Mr. Franck

Re: HEARNAP

"The notebook in question was obtained by police authorities in the San Francisco East Bay area and is not the property of the FBI. Because of this and the fact that the notebook may possibly be of an evidentiary nature, the FBI is not in a position to evaluate the significance of any of the data contained in it."

The above statement was coordinated with SAC Bates in San Francisco and he is responding to inquiries in his area as set forth above.

At 9:34 a.m., 4/19/74, SAC John W. Burns, Albany, advised [redacted] had called to the Albany Office's attention a letter passing through the mail addressed to [redacted] Albany, New York, bearing a return address of Patricia Hearst, [redacted] San Francisco, California 94110. The envelope was postmarked April 15, 1974, U. S. Post Office 940. The postal guide indicates some communities in San Mateo County, California, have the 940 prefix on their zip code number.

Burns stated that a check by Agents of his Office indicated that the address of [redacted] is an old-style residential home apparently occupied by college students and that apparently one [redacted] resides there with an individual named [redacted].

The postmaster made the envelope available for examination and SAC Burns stated that the envelope is so thin that the following portion (transcript attached) of the letter therein could be read through the envelope. The letter will be delivered to the addressee by the Post Office. SAC Burns furnished the San Francisco Office the above information in order that they may conduct investigation at [redacted] San Francisco. The Albany Division plans to interview [redacted] and the Bureau will be advised of all developments.

My past few years have been atomic, as yours usually is. \_\_\_\_\_ when I knew I was not playing with a whole deck and part\_ \_ red myself with people who had no observable talents or purpose, and consequently fell prey to thickwits. But as things go, I gradually surfaced from the quicksand and am presently happy as a dog. This happiness could probably be directly due to the fact that I started being as dam chicken-livered about my own life and what I should be doing with it. I acted. RE: CIRCULARIZATION.

INVESTIGATION INDICATES CAMILLA HALL SUFFERS FROM A SERIOUS HEREDITARY KIDNEY DISEASE AFFECTING THE URINARY TRACT AND WAS CONFINED UNDER DOCTOR'S CARE DURING LATE 1973 AND EARLY 1974. THE ENTIRE HALL FAMILY HAS HISTORY OF SUCH DISEASE ACCORDING TO MEDICAL DOCTOR. ACCORDING TO DOCTOR, THIS IS A RECURRING DISEASE AND COULD FLARE UP AT ANY TIME.

AS PREVIOUSLY INDICATED, NANCY LING PERRY HAS BEEN UNDER CONSTANT MEDICAL CARE FOR REMOVAL OF IMAGINED FACIAL HAIR WHICH HAS BECOME A PHOBIA WITH HER AND REQUIRED PSYCHIATRIC CONSULTATIONS.

UNDER ABOVE CIRCUMSTANCES, IT APPEARS LOGICAL THAT MEDICAL DOCTORS IN THE STATE OF CALIFORNIA BE CIRCULARIZED UTILIZING APRIL 19, 1974 FLIER. FOR EXPEDIENCY SAKE, WE HAVE CONTACTED THE

Dear Doctor:

Attached is circular with photographs of Donald David De Freeze, Patricia Michelle Soltysik, Nancy Ling Perry, Camilla Christine Hall, and Patricia Campbell Hearst, all of whom are under investigation by the FBI.

For your information, Camilla Christine Hall has, in the past, been treated for cystitis and this condition will in all probability reoccur and it will be necessary that she seek medical treatment.

Hall has uncorrected vision of 20/800 and is myopic by minus 5.25 sphere in each eye and reportedly has been advised to contact an ophthalmologist every six months.

Nancy Ling Perry has been under constant medical care in the past for removal of imagined facial hair and may contact a dermatologist or seek psychiatric assistance.

If any of the above individuals consults you for medical treatment, you are requested to notify your local FBI Office, a telephone listing for which can be found on the first page of your directory.

These individuals are considered armed and extremely dangerous and no action should be taken by you which would endanger your safety.

Very truly yours,

on Q207 and Q208 with the limited comparable known writing available of CAMILLA HALL, K23 and K27. It will be necessary to have additional comparable writing by HALL before a more adequate comparison can be made.

Nothing of particular significance was observed in comparing the Cooper signatures with the known writing available and other subjects in these cases. However, not enough comparable writing of suspects is available to be able to definitely eliminate other suspects as having been involved in the preparation of these signatures.

It is suggested that San Francisco may wish to obtain authentic writing of JANET MARGARET WEISS COOPER for comparison with the signatures on Q207 and Q208.

Q208 Continental Rent-A-Car System, Inc. rental agreement form #52054 signed "Janet Cooper"

Also Submitted: Blue carbon copy of Q208

Result of examination:

A definite conclusion was not reached whether the "Janet Cooper" signatures on Q207 and Q208 were prepared by the same person due to the presence of unexplained variations. However, some handwriting similarities were observed in comparing these signatures.

A definite conclusion was not reached whether the Cooper signatures on Q207 and Q208 were prepared by any of the writers of unidentified questioned writing, known writing and purported known writing on items submitted in this case, case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM" and case captioned "AUGUST SEVENTH GUERRILLA MOVEMENT (ASGM) EM," due to the presence of unexplained variations and the lack of sufficiently comparable writing.

The submitted evidence is being returned separately. Appropriate photographs were made.

Latent prints compared with fingerprints of individuals previously named for comparison purposes in this matter, but no identification was effected. Conclusive comparison not possible inasmuch as the extreme side and tip areas of fingers are not fully recorded in all instances on their available fingerprints. Major case prints needed for conclusive comparisons.

Latent prints on Q207 compared with latent prints previously reported as having been developed on specimens purportedly handled by Patricia Michelle Soltysik, "Mizmoon," Nancy Ling Perry, Camilla Christine Hall, Emily Harris, Angela Atwood, and Patricia Hearst, and with latent prints previously reported and remaining unidentified in the captioned case and in Bufile #157-30832, San Francisco file #157-9806, and Bufile #157-30190, San Francisco file #157-9412, but no identification effected. Conclusive comparisons not possible inasmuch as comparable areas not present in all instances.

Q207 and copies of Q207 enclosed. Disposition of remaining specimens will be furnished in the separate Laboratory report.

The FBI Identification Division is requested to process all items submitted including cartridges for possible latent fingerprints and if any are developed, they should be compared with previous submissions in HEARNAP, Symbionese Liberation Army (SLA), and the August 7th Guerrilla Movement case. Cartridges should be examined for presence of mechanism marks, manufacturer, and any foreign material (cyanide) which may be imbedded in hollow-point portion of bullets. Cartridge cases should be examined to determine if fired in same weapon and for any association of mechanism marks with submitted cartridges. Any mechanism marks of value present on cartridges and cartridge cases should be compared with comparable previous submissions in HEARNAP, SLA, and August 7th Guerrilla Movement cases.

The Document Section is requested to compare signature only on car rental forms with writing previously submitted in HEARNAP, SLA, and August 7th Guerrilla Movement cases. At the conclusion of examination, the document should be returned to the San Francisco Division but the cartridge cases and fragments should be retained for the time being at the Laboratory for possible comparisons with future submissions.

**Result of examination:**

A definite conclusion was not reached whether the questioned writing on Q192 through Q194 was prepared by any of the writers of the unidentified questioned writing, the known writing or the purported known writing on items submitted in this case, case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM" or case captioned "AUGUST SEVENTH GUERRILLA MOVEMENT (ASGM) EM," due to the lack of significant handwriting characteristics, the presence of unexplained variations and the lack of sufficiently comparable writing.

The submitted evidence is being returned separately. Appropriate photographs were made.

GENERAL INVESTIGATIVE DIVISION

You were advised by memorandum 4/15/74, of armed robbery of Hibernia Bank, Noriega and 22nd Avenue, San Francisco, California, by nine unknown subjects wherein witnesses outside bank made tentative description of Camilla Hall, one suspect belonging to the Symbionese Liberation Army involved in Hearst kidnaping.

Attached sets forth details of aforementioned bank robbery wherein responsables removed \$10,690 and wounded two individuals who are currently in local hospital in satisfactory condition.

Bank surveillance camera photographs led to identification of four white females who entered bank as Nancy Ling Perry, Camilla Christine Hall, Patricia Campbell Hearst, and Patricia Michelle Soltysik, all previously identified in HEARNAP investigation. Patricia Hearst positively identified from surveillance photos by Charles Gould, Managing Editor, San Francisco Examiner. Other photos identified by San Francisco Office (SFO) Agent personnel familiar with HEARNAP suspects.

SFO press release states Hall, Perry, and Soltysik charged with violation of Federal Bank Robbery Statute with recommended bond of \$500,000. A material witness warrant for Patricia Hearst was authorized by U. S. Attorney, Northern District of California, which authorizes her lawful detention in lieu of bail.

Intensive investigation continues to identify unknown subject male who entered bank with four females as well as to identify switch cars.

Physical evidence being flown to FBIHQ for appropriate examination.

STATEMENT OF ATTORNEY GENERAL YOUNGER ON THE HEARST KIDNAPING

SAN FRANCISCO -- Attorney General Evelle J. Younger today

made the following statement on the matter of the Hearst kidnapping and related issues:

The continuing tragedy of the Hearst kidnapping is a cause of acute concern to law enforcement officials throughout California. Because of the danger of similar political kidnappings we feel it is necessary to speak out on the general subject of extortion, fully aware of the continuing nature of this case.

No one will deny any person the right to ransom a loved one with his own resources no matter how slim the chances of success might be. But this political kidnapping has forced us to ask more difficult questions.

In an effort to meet the first two million dollars demand, the trustees of the Hearst Foundation contributed income from this charitable trust to the "People in Need" project. When this did not appease the kidnappers, executives of the Hearst Corporations offered to pay out corporation assets if and after Miss Hearst was released.

The questions are obvious. To what extent should the trustees of a charitable trust use trust funds to meet extortion demands? To what extent should a corporation's directors use corporation assets to ransom an officer's loved one?

In connection with the food distribution efforts, we need to ask ourselves whether the food reached the people in greatest need. Should welfare grants be adjusted for recipients of food? Should we allow a small band of extortionists to dictate our welfare policies?

The reaction of the news media also bears some scrutiny. It is a fair question to ask whether a free press can responsibly

comply with extortionist demands that it publish political rhetoric designed to influence public opinion in favor of the kidnappers. The job of law enforcement to deal with the criminal activity involved in the Hearst case has been made more difficult by the romantic image the "Symbionese Liberation Army" attempted to achieve for itself by manipulation of the media. A free press compromises its own freedoms when it permits itself to be abused in this manner.

It is also time for law enforcement to reexamine its approach in kidnapping cases. We have traditionally responded to kidnappings for ransom by doing nothing which might jeopardize the safety of the victim. Since such forbearance did not involve third persons and usually furthered the apprehension of the kidnappers, this was the proper course.

But we have learned that our approach to a political kidnapping should not be the same. Law enforcement cannot responsibly stand aloof while kidnappers extort action from others which compromises public safety. Political kidnappings may often force the choice between jeopardizing the safety of the kidnap victim and jeopardizing the safety of others. Since law enforcement's duty is to protect the safety of all, we cannot in good conscience place the safety of one citizen above all others. Our course of action must reflect a concern not only for the kidnap victim but also for the rights and safety of potential victims of future political kidnappers, encouraged to act by the timidity of police response.

Extortion under the guise of altruistic purposes cannot be permitted again. During the early stages of the Hearst kidnapping we indicated the Attorney General would not attempt to stop the food giveaway and we did not expect local district attorneys to do so either. We withheld action because of our concern for Miss Hearst's safety. But if we permit our inaction in the Hearst case to become a pattern in future cases, we might well encourage an epidemic of political kidnappings.

more --

3-3-3

Under existing California law, it is a crime to receive stolen or extorted property, knowing that it was stolen or extorted. Although this law was aimed at the traditional fence of hot merchandise, it may apply as well to those who receive money extorted by kidnappers even for the purpose of distributing it to the poor. The answer to the legal question is not free from doubt. This time we resolved the doubt in favor of allowing the food distribution to continue -- in spite of doubts concerning the legality and logic of the plan -- so as not to jeopardize

In the future we intend to encourage local district attorneys to prosecute under existing law to stop any food distribution plans designed to meet extortion demands from kidnappers.

The Legislature should take a comprehensive look at this problem. We will propose several pieces of legislation designed to head off another Hearst case. First, we will propose modification of the extortion laws to outlaw the distribution as well as the receipt of extorted funds or any food or other property derived therefrom. Second, we will propose a law declaring that any order of a public officer made pursuant to a known extortion demand, such as an order releasing a state prisoner, is void and shall not be carried out. Third, we will propose legislation to prohibit charitable trust foundations from paying trust funds to kidnappers or extortionists and holding the trustees personally liable for any such disbursements. Apart from the question relating to possible misuse of funds, we want to do everything possible to take the profit out of kidnapping or extortion.

Government and private agencies spend some one billion, six hundred million dollars annually on assistance to needy people in California. We should ask ourselves what impact the two million dollars Hearst ransom money had on helping needy people. Were those who received the food the most needy?

4-4-4

Could the money have been better spent on other projects?

In the Hearst case, we saw kidnappers setting priorities for poor people, in a manner that exaggerated rather than relieved social tensions. Government and law enforcement have an obligation not to allow this to happen again.

We cannot stand by while violent criminals terrorize twenty million people of California. We would be derelict in our duty if we were to allow the Hearst kidnapping to become a prototype for future crimes.

On 4/17/74, at 3:28 a.m., Mr. [REDACTED] Reporter, Associated Press, Albany, New York, telephonically advised he had received word that our Buffalo Office was conducting investigation concerning Donald David DeFreeze in the Buffalo area. (DeFreeze is a Fugitive for Unlawful Flight to Avoid Confinement - Escape, the 4/15/74 San Francisco bank robbery, wherein Patricia Hearst is one subject, as well as being a principal suspect in the HEARNAP investigation). [REDACTED] said he had heard sometime ago that DeFreeze formerly resided in the Buffalo area and wondered if there was any new development in our investigation. He said he had called our Buffalo Office earlier asking them to confirm that they were conducting current investigation to locate DeFreeze and was advised that he [REDACTED] would have to recontact the Buffalo Office later this a.m. for comment from one of the local FBI officials. [REDACTED] said he telephoned FBIHQ to confirm if we were, in fact, conducting investigation in the Buffalo area concerning DeFreeze.

[REDACTED] was tactfully advised that it was not known at the moment if our Buffalo Office was conducting investigation concerning DeFreeze but that he should not necessarily attach any particular significance to such information since it is common for the FBI to conduct general investigation in many locations of the United States at a given time for anyone in a fugitive status in order to pursue general leads or generate other leads.

[REDACTED] advised he would recontact the External Affairs Division, FBIHQ, at the start of business early 4/17/74, should any additional information be desired concerning DeFreeze. He was appreciative of the conversation held and seemed more than satisfied with the above explanation.

OC Attorney General William B. Saxbe, according to the AP wire service by Margaret Gentry, today stated at his press conference that Patricia Hearst "was not a reluctant participant" in the San Francisco bank robbery and that he considers her a common criminal. At his weekly news conference he stated he was expressing his personal views about Miss Hearst. He stated he feels the FBI would be justified in breaking into a dwelling to capture her and SLA member. He stated he included her as part of the group of common criminals about which he was talking. Mr. Saxbe stated he was not giving any signals or orders to the FBI but he believed that if the FBI knows where the SLA members are hiding, they should go in and get them.

SAC Bates contacted my office when Attorney General Saxbe's statements hit the wire services. Bates stated he is already inundated with calls from the media for his response to Saxbe's statements. It was agreed that the Bureau's position would be as follows and Bates stated he would respond to press inquiries as follows: The FBI has no comment to make concerning Saxbe's statements regarding Miss Hearst's involvement in the bank robbery and kidnaping. The FBI is continuing to investigate the kidnaping, as well as the recent bank robbery so as to develop all facts concerning both crimes and to identify all those involved. The news media will be immediately informed upon the issuance of any additional warrants charging individuals with those offenses or when arrests are made in the cases based upon such warrants.

A copy of the AP release is attached.

The FBI Laboratory is requested to examine the cartridges forwarded for any ejection or mechanism marks that may be present and if such are found, they should be compared against previous submissions in the HEARNAP Matter, the Symbionese Liberation Matter, and the August 7, 1973 Guerrilla Movement. Particularly, comparisons should be made with those cartridges and spent cartridges that were hand carried to the Bureau by a San Francisco Agent on 4/15/74. The Bureau should also advise San Francisco the type and the manufacturer of the ammunition if known.

prints and comparison be made against the fingerprints of DONALD DAVID DE FREEZE, FBI Number 606 723 D, and if feasible, latents should be compared with latents on items of personal property where previously submitted for HALL, SOLTYSIK, HEARST, and PERRY. Photographs of latents developed should be retained for comparison at some subsequent date against suspects that might be developed in the back-up car, the red Hornet, and against the time when an arrest is made and fingerprints are available for four females mentioned above.

(2) The FBI Laboratory is requested to examine items (1) and (2), verify that they are live, and check the casings for any ejectors and barrel markings.

(3) Laboratory review contents of vacuum cleaner bags looking toward developing types of soil which may give leads as to location from which occupants of car recently came. Item (23) is a section of the floor board mat submitted for elimination or control purposes as to items that might be found in the vacuum cleaner bags.

(4) Examine Kleenex, containers, etcetera, for any foreign items such as fibers, hairs, which might have evidentiary value for comparison with items that might be recovered at a subsequent date.

(5) Examine scarf for laundry, dry cleaning marks, foreign substances, and descriptive or identifying data as to manufacturer or seller of Item (35).

(6) Examine tar appearing substance in Item (16) for any particular unusual characteristics that might be utilized in leads to determine particular locations where UNSUBS might have been frequenting and might assist in locating current residences for them.

(7) Attempt to characterize the source of the hair sample in Item (20) (dog, man, girl, etcetera).

The enclosed items should be treated as evidence and it is requested that after the examination is completed, the enclosed items along with the results of the examination be furnished to San Francisco.

SAC John M. Reed of our Sacramento Office telephonically advised that "The Sacramento Bee" a responsible, daily newspaper had received and made available to us, a letter and cassette tape recording reportedly from the Symbionese Liberation Army (SLA). The envelope was postmarked Berkeley, California, April 19, 1974. The cassette tape was contained in a plastic container. Accompanying the tape was a letter on yellow lined paper which was typed in large letters similar to a speech writing typewriter. On a piece of white paper which was affixed to the back of the yellow lined paper was the seven headed cobra symbol and the letters SLA.

The letter essentially stated that the SLA would not tolerate "slaughtering" of their members and would make retribution of five police officers for each SLA member killed. The contents of the tape are very similar and the tape itself appears to contain two separate voices, probably those of white males.

SAC Reed indicated he is sending the envelope, letter and tape to the Laboratory and Identification Divisions for examination.

The origin of this material appears questionable in view of its content and format.

"With Hearst"  
By Walt Smith

Atlanta (UPI) - -

FBI Director Clarence M. Kelley told newspaper editors Thursday he believes his Agents will locate Patricia Hearst "in a minimum of time," but as for now, "We don't know where she is."

Kelley said the FBI had made an extensive search for Miss Hearst, who was kidnaped in Berkeley, California, February 4th, and that his men had "Just about turned that area upside down."

"I'm going to make an admission that hurts. We don't know where she is."

Kelley, at a meeting of the American Society of Newspaper Editors, answered questions during a session with Atlanta Constitution Editor, Reg Murphy, a recent kidnap victim, and Thomas Eastham, an editor of the San Francisco Examiner. Miss Hearst's father, Randolph A. Hearst, is editor and president of the Examiner.

Miss Hearst was identified as a participant in a San Francisco bank holdup on Monday, and Kelley said, "We feel we have a better opportunity (of locating her) since they have come out in the open."

Kelley avoided direct comment of Attorney General William Saxbee's description of the newspaper heiress as a "common criminal."

He said, "We choose to take the lesser of the evaluation that she is a material witness and could have been coerced. We will be guided by the facts and not by any opinion."

Kelley said the possibility the case might be a hoax was "part of our investigation" and if it is determined Miss Hearst took part in the bank robbery, "the U. S. Attorney has said she will be charged. At this point, we just don't know."

When asked if the FBI expected to solve the case, he said, "I think we will in a minimum of time." He said nine kidnappings since that time had been solved, and "In most cases the ransom recovered and the victims restored to their loved ones."

Re: Hibernia Bank robbery, Sunset Office,  
San Francisco, California, 4/15/74,  
bank camera surveillance photographs:

Enclosed for the Bureau is one (1) reel 16mm film processed from the 35mm bank camera surveillance film taken of the robbery at Hibernia Bank, Sunset Office, San Francisco, California, 4/15/74.

The film recording the robbery of the Hibernia Bank, 4/15/74, consisted of two 150 foot rolls of 35mm double frame Kodak 4-X negative film. Each roll contained approximately 1200 exposures. This film was exposed at the rate of approximately four frames per second.

The positive 35mm film strips from the negatives were prepared by the Multichrome Laboratories, 760 Gough Street, San Francisco, California. These positive film strips were then processed by W. A. Palmer Films, Inc., 611 Howard Street, San Francisco, where master reduction print on 16mm Kodachrome film was prepared. The results of this process was a 16mm motion picture film.

It was necessary in making this process to reduce the size of the frame.

As you will recall, approval was previously given for the printing of 100,000 circulars, a copy of which is attached. These circulars were forwarded to the R. L. Polk Company, Detroit, Michigan, for direct mailing of approximately 46,000 copies to various real estate firms, new and used car dealers, car rental firms and the like. The remaining 54,000 were furnished to San Francisco and all other West Coast offices for dissemination.

San Francisco has requested that an additional 46,000 copies be printed for distribution to all medical doctors in the State of California. The California Medical Association can supply address labels for the doctors in the state and the total cost, including affixing the labels would be \$27 per 1,000 or approximately \$1,250. This request is prompted by the fact that Camilla Hall suffers from a serious hereditary kidney disease which affects the urinary tract and she was confined under doctor's care during late 1973 and early 1974. This is a recurring disease and could flare up at any time. Also, Nancy Ling Perry has been under medical care for removal of facial hair which has become a phobia with her and even resulted in her requiring psychiatric consultation.

San Francisco has also submitted a proposed text outlining the medical problems for two of the female bank robbery subjects. This information will be printed on the inside flap of the circular. The proposed text is attached.

Dear Doctor:

On the reverse side is a circular letter with photographs of Donald David DeFreeze, Patricia Michelle Soltysik, Nancy Ling Perry, Camilla Christine Hall, and Patricia Campbell Hearst.

For your information, Camilla Christine Hall has, in the past, been treated for cystitis and this condition may recur and it would be necessary that she seek medical treatment.

Hall has uncorrected vision of 20/800 and is myopic by minus 5.25 sphere in each eye and reportedly has been advised to contact an ophthalmologist every six months.

Nancy Ling Perry has been under constant medical care in the past for removal of facial hair and may contact a dermatologist or seek psychiatric assistance.

If any of the above individuals consults you for medical treatment, you are requested to notify your local FBI Office, a telephone listing for which can be found on the first page of your directory.

These individuals are considered armed and extremely dangerous and no action should be taken by you which would endanger your safety.

Very truly yours,

Clarence M. Kelley  
Director

Re: HEARNAP

Date: April 23, 1974  
FBI File No. 7-15200  
Lab. No. D-740419083 PF

Specimens received 4-19-74, from Bureau

Q215 Federal Reserve Note serial #E 05279179 B bearing writing  
"HELP I am Patricia Hearst. I have been brought to N.Y.  
city 130 E 70 st. ..."

## Result of examination:

The questioned writing on Q215 was not associated with material maintained in the Anonymous Letter File. Copies have been added thereto.

A definite conclusion was not reached whether the questioned writing on Q215 was prepared by the writers of the unidentified questioned writing, the known writing or the purported known writing on items submitted in this case or case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM", due to the lack of distinctive writing characteristics, the presence of unexplained variations and the lack of sufficiently comparable writing.

Q215, which has been photographed, is being returned separately.

HER HUSBAND, PAUL HALVERSON, WAS IDENTIFIED AS RETURNING THE PURCHASE OF AMMUNITION TO [REDACTED], SAN FRANCISCO GUN EXCHANGE. HALVERSONS HAVE REFUSED TO BE INTERVIEWED BY FBI AGENTS BUT JOYCE HALVERSON ACKNOWLEDGES CLOSE ASSOCIATION WITH CAMILLA HALL AND HAS INDICATED SHE WOULD TRY TO ESTABLISH LIAISON WITH HALL TO EFFECT THEIR SAFE RETURN. IN AN EFFORT TO OBTAIN ADDITIONAL INFORMATION RE THE BANK ROBBERY OF APRIL 15, 1974, APPROXIMATELY 85 AGENTS, UNDER THE DIRECTION OF SAC BATES, CONDUCTED ON-THE-SCENE INQUIRIES AT THE BANK AND CAR-SWITCH SITES DURING THE SAME PERIOD OF TIME THE BANK ROBBERY OCCURRED THIS PRIOR MONDAY. RELATIVE TO THE EVENTS OF LAST WEEK. SOME POSITIVE RESULTS WERE OBTAINED, BOTH AT THE BANK AND THE SWITCH SITE, BUT NO INFORMATION INDICATING THE CURRENT WHEREABOUTS OF THE SUBJECTS WAS FORTHCOMING.

A COMPLETE <sup>DOOR-TO-DOOR</sup> ~~DOOR-TO-DOOR~~, STREET-BY-STREET GRID SEARCH WAS MADE OF THE SURROUNDING AREA IN ORDER TO OBTAIN ADDITIONAL INFORMATION OR THE IDENTITY OF INDIVIDUALS NOT PREVIOUSLY INTERVIEWED. RESULTS OF THIS INVESTIGATION WAS CORROBORATIVE BUT NOT SIGNIFICANT IN DETERMINING THE SUBJECTS' PRESENT LOCATION.

OF INTEREST IS THE FACT THAT WITHOUT EXCEPTION, THE SEVERAL HUNDRED INDIVIDUALS CONTACTED RESPONDED MOST FAVORABLY TO FBI AGENTS IN THIS INVESTIGATION AND WERE MOST COMPLIMENTARY IN THEIR REMARKS. PRESS WERE ON THE SCENE IN SUBSTANTIAL NUMBERS AND INQUIRIES WERE ANSWERED BY SAC BATES.

CAMILLA HALL HAS BEEN IDENTIFIED AS ONE OF THE TWO FEMALE INDIVIDUALS RENTING THE GREEN 1974 MAVERICK ON APRIL 14, 1974. THIS VEHICLE HAS NOT BEEN RECOVERED. WITNESSES STATED BOTH SUBJECTS HAD BEEN IN THE RENTAL OFFICE ON TWO PREVIOUS OCCASIONS. IN VIEW OF THIS, AN INTENSIVE GRID SEARCH WAS CONDUCTED IN A TWO

Captioned investigation pertains to the kidnaping of Patricia Hearst in 2/74.

As a result of a Special in the Seattle Division, it has been necessary to send five out-of-division Russian-speaking agents to Spokane. Two of the agents selected were from San Francisco and they were selected not only because of their language ability but because of a curtailment of operations in San Francisco where their talents were being utilized.

SAC, San Francisco requests that two out-of-division agents be sent to San Francisco to assist on the Hearnap case. in place of the two agents going to the Seattle Division. General Investigative Division concurs in San Francisco's request.

## RECOMMENDATION:

That two out-of-division agents be sent to San Francisco to assist on captioned matter. If you agree, the Butte and Portland Offices will be instructed to send one man each. SACs in Portland and Butte will be reminded of the criteria for agents utilized on special assignment as set forth in SAC Memorandum 19-74 dated 4/16/74.

- Q57 Envelope bearing typewritten address label "Governor Phillip W., Providence, Rhode Island"
- Q58 Copy of one page typewritten letter beginning "YOU SHOULD ALSO DEMONSTRATE ..."

Result of examination:

Q58 is a copy made from the same original as letters previously submitted, utilizing what appears to be a mimeograph type process.

The typewriting on Q57 is on a pressure sensitive adhesive backed label attached to the envelope.

The conclusion was reached that the typewriter or typewriters used to prepare the typewriting on the submitted envelopes in this case were not used to prepare the typewriting on the master from which the copies of letters submitted in this case was prepared.

The typewriting on the address labels submitted in this case most closely resembles Laboratory standards for a Ransmayer pica style of type, spaced ten characters per horizontal inch and used on Royal Executive electric typewriters. The typewriting on the copies of letters submitted is an elite style of type, spaced twelve characters to the horizontal inch and is too limited and too indistinct to permit classification as to make.

Q58 bears the watermark "PARSONS EDGE MONT BOND 50% COTTON FIBER" which is registered to the NVP Company, Post Office Drawer 311, Wilmington, Delaware. The submitted envelope contains no watermark. The submitted items contain no indented writing of significance or other characteristics to aid in definitely determining their source. An eight cent U.S. Postal Service stamp, torn from a roll of stamps, is affixed to Q57.

The submitted items are being returned separately. Appropriate photographs were made.

You will recall two rental automobiles were utilized in the robbery of the Hibernia Bank in San Francisco by the subjects; both of these cars were recovered. As a result of canvassing all other rental agencies, two other automobiles had apparently been rented by one or more of the subjects. They were described as a 1973 Ford LTD and a 1974 Maverick. Extensive efforts have been made since the bank robbery on 4/15/74 to locate these two automobiles. *MAN*

SAC Bates called at 1:45 p.m. today to advise both automobiles were found in the Japanese Cultural Center garage on Geary Street in San Francisco. The LTD has been driven 22 miles and the Maverick has been driven 18 miles. Agents are presently processing both automobiles. Investigation thus far fails to indicate when both cars were placed in the garage, but Nancy Ling Perry was seen in the garage on 4/15/74 applying new makeup. Intensive investigation is continuing, not only in the area of the Japanese Cultural Center, but all new and used automobile dealers are being recontacted and all car rental agencies are being recontacted. Bates advised he would advise the Bureau as soon as any positive information was obtained.

BANK ROBBERY  
OO: San Francisco

On 4/15/74, around 9:40 - 9:45 a.m., four white females and one Negro male entered the FDIC insured Hibernia Bank, Sunset Office, 1450 Noriega Street, San Francisco, California. One of the white females (HALL) took up a position at the east end of the teller's line facing north. She was armed with a .30 caliber carbine believed to have pistol grips and from this location she controlled the teller's area of the bank.

A second white female (HEARST) took up a position in the lobby of the bank looking in a southerly direction, armed with a .30 caliber carbine from where she controlled the lobby and the officer's platform.

A third white female (SOLTYSIK) armed with a revolver, after initially assisting in the lobby and officer's platform area in controlling customers and employees, ultimately vaulted the line of teller's windows at the second window from the west end of the bank and thereafter removed currency from the

west end of the bank and thereafter removed currency from two teller's windows.

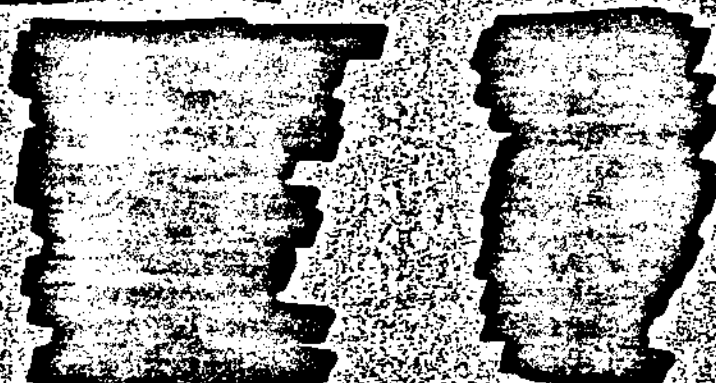

The fourth white female (PERRY) took up a position near the entrance to the bank and in the area of the manager's desk where she could control persons entering the bank. She was armed with a .30 caliber carbine pistol grip.

The fifth robber (DE FREEZE) armed with a .30 caliber carbine pistol grip also took up a position in the general area of the entrance to the bank from where he was able to observe persons entering the bank and was also able to observe what was occurring in all other locations in the bank.

The robbery was announced with statements which included "This is the SLA" or "From the SLA". "Everybody get down". "This is a robbery. Everybody on the floor". "This is Tania Hearst".

While robbery was in progress, a customer entered the bank and was forced to lie on the floor. Two other customers, EUGENE ANTHONY BRENNAN and PETER PANTA MARKOFF, started into the bank, observed robbery and when they started to retrace their steps to leave they were shot either by PERRY or DE FREEZE. They are in serious condition but are expected to recover.

Robbers obtained \$10,690, including \$200 in bait bills.

SE 7-855  
SE 91-12976  
TJP/kle

Currency carried from the bank in a nylon or cloth sack which appears to have a plastic appearing material at the top with a draw string type closing, the type of bag that might be used by camping or outdoor activity.

The bank is equipped with a push button alarm system which was activated by the bank manager during early stage of the robbery and good quality photographs of the robbers obtained. Bank employs a private guard who was relieved of his weapon, a S & W Model 10 .38 caliber special, serial 245439, which has been entered NCIC.

Robbers fled from the bank to a 1973 Ford Country Squire station wagon, California License 882 XXV parked just around the corner from the bank entrance in a bus zone. This vehicle rented in the name of JANET COOPER and was recovered abandoned approximately ten blocks from the bank. During the robbery, a second vehicle, an American Motors Hornet, red in color, California License 031 JZU, was parked across the street from the bank in an abandoned gasoline station. This vehicle occupied by four people, who appeared to be young white males, served as a cover or backup vehicle for the bank robbers and their vehicle. One occupant of the Hornet observed to be armed with a rifle and the Hornet trailed the getaway car from the robbery scene and was abandoned approximately one half block away from the getaway car. This vehicle, also a San Francisco rental car, obtained in the name JANET COOPER. The JANET COOPER identification was stolen from its owner during October, 1973, and HEARNAP investigation developed the information that it is in possession of members of the SLA. Investigation in the area of the bank as well as at the drop site negative as to any switch cars. Investigation has developed the information that two additional vehicles, a 1973 Ford LTD, four-door hard top, very dark green vinyl top with a light green bottom, bearing California License 943 GTT and a 1974 four-door Maverick, green in color, California License 794 KIB, was also rented by person using the identification of JANET COOPER in the same approximate area as were the getaway car and pickup units were rented. These latter two vehicles are unrecovered.

SA 7-855  
SF 91-12976  
TJP/kle

Four shots fired in the bank from a .30 caliber carbine. At least two shots fired outside the bank, at witnesses, from a different carbine as the robbers were fleeing the scene. FBI Laboratory advises that expended round taken from one of the victim's in bank shooting matches expended round recovered at PATRICIA HEARST kidnaping scene, Berkeley, California, February 4, 1974. Expended casings recovered outside the bank match expended casings recovered at the PATRICIA HEARST kidnap scene in Berkeley. This would tend to indicate that responsibles are field stripping their carbines and that there is an interchange of the bolts between weapons.

All offices, under the HEARNAP caption, are in possession of photos of Subjects that have been identified.

Armed Bank Robbery warrants issued San Francisco, 4/15/74, for HALL, SOLTYSIK and PERRY. Material witness warrant issued for PATRICIA HEARST. Bail \$500,000 on each. On 4/16/74, Armed Bank Robbery warrant issued for DE FREEZE. Bail \$500,000.

There is no further description available concerning the occupants of the red American Motors Hornet, which was the pickup car. Other subjects are described as follows. In connection with clothing worn by suspects in the bank, outer garments have cut of some type in pocket so that carbines can be held and concealed under the clothing while responsibles entering and leaving bank. Carbines also held with slings:

The submitted evidence is being returned separately with results of the latent fingerprint examination.

As with the Cooper signatures on Q207 and Q208, some similarities were observed in comparing the Cooper signature on Q216 with the available writing of CAMILLA HALL, K23, K26, K27, K33, K34 and K35. It will be necessary to have writing by HALL comparable to the Cooper signatures before a more adequate comparison can be made.

Characteristics observed indicate that the Cooper signature on Q216 was prepared by the writer or writers of the Cooper signature on Q207, previously submitted. Similarities were observed in comparing the Cooper signatures on Q208, previously submitted, with the Cooper signatures on Q216 and Q207; however, due to the presence of some unexplained variations, a definite conclusion was not reached whether the same person prepared these signatures.

A definite conclusion was not reached whether the Cooper signature on Q216 was prepared by the writers of other unidentified questioned writing, known writing or purported known writing on items submitted in this case or in case captioned "SEMBIONESE LIBERATION ARMY (SLA) EM", due to the lack of sufficiently comparable writing and the presence of unexplained variations.

RE: SLA TAPE ADDRESSED TO WAPAC, RECEIVED APRIL 24, 1974:

[REDACTED] SAN FRANCISCO POLICE DEPARTMENT, COMMUNITY RELATIONS DETAIL, TODAY RECEIVED A TAPE CASSETTE ON WHICH APPEARS THE VOICE OF CINQUE, TEK0, AND PATRICIA HEARST. THEY DISCUSS THE ROBBERY OF THE HIBERNIA BANK, SUNSET OFFICE, ON APRIL 15, 1974, AND THE "ZEBRA KILLINGS" IN SAN FRANCISCO (THESE ARE A SERIES OF KILLINGS BY ONE OR MORE BLACK MEN IN WHICH THE VICTIMS ARE ALL WHITE, AND THERE IS NO APPARENT MOTIVE OR PATTERN). THE VICTIM, PATRICIA HEARST, STATES THAT SHE IS WITH THE SLA OF HER OWN FREE WILL, AND THAT DURING THE BANK ROBBERY, HER GUN WAS LOADED. THE TAPE IS FILLED WITH A GREAT DEAL OF THE USUAL SLA RHETORIC AND TAPE ENDS WITH THE SLA NATIONAL ANTHEM.

ACCOMPANYING THE TAPE WAS ONE-HALF OF THE VICTIM'S DRIVER'S LICENSE, A LARGE SLA POSTER, A TORN PIECE OF PAPER DIRECTED TO WAPAC, DIRECTING THEM TO FURNISH IT TO RADIO STATION KDIA OR KPFA, A PIECE OF GIFT WRAPPING, A WHITE ENVELOPE. **Q67 and Q68 were not associated with material

**A definite conclusion was not reached whether the  
questioned writing on Q67 and Q68 was prepared by any of the  
writers of the unidentified questioned writing, known writing

this case or in case captioned "HEARNAP", due to the presence  
of unexplained variations, lack of distinctive writing

**The majority of the writing on Q68 appears to have  
been made using a pencil and utilizing a lettering stencil

Memo Jamieson to Gebhardt  
Re: HEARNAP

OBSERVATIONS

[REDACTED] Training  
Division believes that these dogs have great potential in developing leads  
for us in instant matter.

RECOMMENDATION:

That strong consideration be given to utilizing [REDACTED] and  
his trained German shepherds in HEARNAP.

ADDENDUM: GENERAL INVESTIGATIVE DIVISION REG:wss 4/24/74

This suggestion appears to be practical and  
feasible. SAC Bates was contacted regarding this proposal  
and was 100% in favor of utilizing the dogs. SAC Bates,  
however, stated that in view of the widespread press  
interest and the intense press coverage given this case, he  
could not assure that the use of these dogs would not become  
known to the press. The General Investigative Division  
believes, however, if knowledge of this matter was extremely  
limited to a very few Special Agents and the operation  
covertly handled, the opportunity for success would  
outweigh the possible detrimental effects and we should  
take the calculated risk.

FROM : SAC, CINCINNATI (7-1370)(P)

SUBJECT: HEARNAP  
OO:SF

DATE: 4/26/74

For information of the Bureau, San Francisco, and Pittsburgh Divisions, [REDACTED]

[REDACTED] is a lecturer and accredited hypnotist and presently, and with some regularity, works with approval of, and in conjunction with, the medical profession, usually in terms of medical patients where surgery is required, and hypnosis rather than chemical anaesthesia is necessary as a safety factor.

[REDACTED] On 4/25/74, [REDACTED] telephonically contacted SA [REDACTED] and furnished the following data:

[REDACTED] stated the most recent "Times" magazine contains several photographs, and a lengthy treatment of the PATRICIA HEARST matter.

[REDACTED] stated he noticed one of the individuals, mentioned in this article, WILLIAM WOLFE, has attended college, and is the son of a practicing anaesthesiologist, the latter profession often entails aspects of hypnosis.

In essence, [REDACTED] suggested the possibility that PATRICIA HEARST's behavior may be the result of post-hypnotic instructions and control by reason of possible knowledge of same on the part of WILLIAM WOLFE.

[REDACTED] indicated the bank photographs relative to general facial appearance of PATRICIA HEARST suggest an amenability to hypnosis, and previous tapes of PATRICIA HEARST reflect pauses and hesitations inherent in hypnotic responses.

[REDACTED] is thanked for his observations and advised they would be made a matter of record.

Re: Robbery of Hibernia Bank, Sunset Office,  
San Francisco, California, 4/15/74:

Enclosed for the Photographic Section of the Lab  
are two (2) 150 foot rolls of 35mm negatives.

These two negatives are duplicate negatives of  
film taken from two surveillance cameras during the armed  
robbery of the above-mentioned bank. During the robbery,  
two individuals, one of whom was entirely off camera, were  
shot in the interior of the bank.

A review of photographs developed at San Francisco  
would indicate that the men were possibly shot by NANCY GAIL  
LING, the young lady with dark coat, automatic weapon, and  
wearing a paisley blouse. It is noted that during the action,  
cartridge cases apparently can be observed on a bench near  
her; however, the male among the principals, DONALD DE FREEZE,  
also has his weapon pointed toward the door at the same time.

The Photographic Section of the Lab is requested  
to carefully review these negatives and make a representative  
number of blow-ups that would be suitable for presentation  
at trial that would cover all the principals and all the  
pertinent activity noted on the film. 18 MAY 1 1974

There has been some discussion in local papers  
that PATRICIA HEARST, the young lady who takes up position  
in the middle of the bank wearing a long dark wig with an

VACUUMINGS FROM 1973 FORD LTD AND 1974 AMC HORNET  
ARE TYPICAL OF AUTOMOBILE DEBRIS WHICH ACCUMULATES  
DURING NORMAL EVERYDAY USAGE. MIXED AND CONTAMINATED  
CONDITION OF THESE SPECIMENS REDUCES THEIR VALUE FOR  
LEAD OR COMPARISON PURPOSES. HOWEVER, VACUUMINGS FROM  
REAR SEAT AND FLOOR OF AMC HORNET CONTAINS NUMEROUS  
BLACK SILICA SLAG PARTICLES AND A FEW METAL SHAVINGS.  
THEREFORE, LIKELY THAT THE PERSON OR PERSONS USING  
THIS VEHICLE WERE IN A STEEL OR IRON MANUFACTURING AREA  
INASMUCH AS BLACK SILICA IS A COMMON BYPRODUCT OF SUCH

WITH RESPECT TO SIERRA BULLETS DESCRIBED IN RETEL,  
NOTHING FOUND TO INDICATE THESE POSSIBLY ASSOCIATED WITH

Attached is a copy of the "Congressional Record" for Monday, 4/22/74, which contains remarks by Congressman Sikes.

By previous Walsh to Mr. Jenkins memorandum captioned "Inquiry of Congressman Robert L. F. Sikes Concerning Hearst Kidnaping Case" dated 3-27-74, it was set forth that with the Director's approval the Congressman was furnished a confidential briefing regarding this case.

Also by previous memorandum Franck to Mr. Jenkins dated 4/5/74 captioned "Hearnap: Comments of Robert L. F. Sikes (D - Fla.)" you were apprised of a telephone call from the Congressman which was handled by Inspector Bowers.

Copies of above referred to memoranda are also attached.

In the attached article the Congressman states that the FBI has a responsibility to the public to take action to foil crime and to apprehend criminals. He also indicates that there is evidence the group the FBI is seeking in the Hearst case is small and the FBI has leads which long ago should have been productive. His brief remarks are concluded by his statement that undoubtedly the FBI will produce results in the Hearst case but action appears to be overdue and the question is when will there be results.

It is obvious that the Congressman is impatient with our lack of a solution in the Hearst case. Obviously, he will not be satisfied, nor will this Bureau, until this case is culminated. Although we are as concerned as the Congressman regarding a prompt solution, we cannot now predict or anticipate when the matter will be finally resolved. It appears we must "stand the heat" until our efforts are finally rewarded with solution.

ACTION: For information.

TIME FOR ACTION BY THE FBI

(Mr. SIKES asked and was given permission to address the House for 1 minute, to revise and extend his remarks and include extraneous matter.)

Mr. SIKES. Mr. Speaker, the time is growing late for results from the FBI's work on the Hearst case. More than 2 months have elapsed since the kidnaping. It is policy for the FBI to delay action on kidnaping cases in an effort to protect the life of the victim if the relatives request it. This was done in the Hearst case. Yet the fact remains that the FBI cannot choose to ignore or not to ignore a crime. They have a responsibility to the public to take action to foil crime and to apprehend criminals.

Now it appears the Hearst girl has joined her kidnapers, though possibly to save her life. This does not change the situation materially. If she joined the kidnapers willingly, she is part of an extortion plot and a bank robbery. If she joined them unwillingly, she was kidnaped and forced to participate in crimes.

A very large number of FBI agents have been assigned to the Hearst case from the beginning. There is evidence the group they are seeking is small, and the FBI has leads which long ago should have been productive. The public will soon be-

H 3003

gin to question the delays in solving this case, and rightly so.

The FBI is the Nation's chief bulwark against crime. For years the FBI has received all the money the agency requested from Congress. The public has been taught to expect results from the FBI. Undoubtedly they will produce results in the Hearst case, but action appears to be overdue. The question is when will there be results.

**INQUIRY OF CONGRESSMAN  
ROBERT L. F. SEARS CONCERNING  
HEARST KIDNAPING CASE**

Congressman Sikes, a member of the House Appropriations Subcommittee which handles our appropriation requests, asked for a confidential briefing on our progress in the Hearst kidnaping case. With the Director's approval, Supervisor Michael A. Morrow of the General Investigative Division and I called on the Congressman. Supervisor Morrow has been handling the supervision of the Hearst case since its inception.

The Congressman asked what progress had been made in solving the Hearst case, registering some disappointment with our apparent lack of success. We advised the Congressman in confidence that the FBI has committed over 150 agents working full-time on this case. We have utilized all available investigative techniques in an effort to solve the case. We pointed out that we had identified several individuals we have every reason to believe are implicated in the abduction but to date we do not have legally admissible evidence in this regard. We pointed out that our posture has been one of doing everything possible to solve the case while at the same time not jeopardizing the safety of the victim. We outlined a number of specific things that we had done and are doing and assured the Congressman that we are leaving no stone unturned. The Congressman asked as to the position of the family and we explained that Mr. Hearst was obviously very concerned about the safety of his daughter and that his reluctance to take a hard line publicly prevented the FBI from taking certain publicly aggressive action such as grand jury subpoenas and search warrants. In regard to some of our investigative techniques, [REDACTED] coverage was outlined as were our unusual techniques regarding soil and insect samples. At the outset, the Congressman appeared somewhat distant in his approach to us but at the termination of our visit, appeared more relaxed, cordial, and appreciative. He concluded our meeting on a rather confident note, stating he was sure the FBI would ultimately solve this case. He expressed his appreciation for our having given him this confidential briefing.

**RECOMMENDATION:**

None; submitted for information and record purposes.

HEARNAP; COMMENTS OF  
CONGRESSMAN ROBERT L. F. SIKES (D-FLA.)

On the afternoon of 4-5-74 Congressman Sikes, who is a Member of the Subcommittee handling FBI appropriations, called Inspector Bowers and stated he wanted to know "if and when" the FBI is going to take some positive action in captioned case now that the Hearst girl has admitted she is a part of SLA. Bowers told the Congressman the Director had made a statement concerning this matter on 4-4-74, and Sikes replied he was aware of this but "the statement didn't say anything." He said he feels it is time the FBI stops holding back and takes positive action to crack this case and arrest the guilty parties. It was pointed out to the Congressman that we have no definite proof that Miss Hearst was speaking her own mind or if she had been forced to state that she had joined the SLA. It was pointed out we still have to be concerned with her safety.

Congressman Sikes in a rather forceful manner commented that for about two months the FBI has taken virtually no positive action in this case, and he wondered if we were going to wait until Patty Hearst "has a houseful of kids" by the people she has taken up with before the FBI moves. He said the public is becoming more and more concerned by the lack of action on the part of the FBI. It was explained to the Congressman that there are two concerns expressed by the public--one which he has articulated and one for the safety of Miss Hearst, and that we have to consider all facets. He countered by saying that the FBI's public image is being damaged. He was told that we cannot make investigative decisions on the basis of public opinion or how our actions will affect our public image; we have to make our decisions on the basis of facts available. The Congressman stated that he is afraid there are going to be some people speaking out against the FBI unless it takes some positive action in this regard rather quickly, adding that he may well be among those voicing such criticism. He was told that we would hope he would not do so, that we value his confidence and support, and we would hope that he would realize we are doing exactly what we think is best on the basis of all facts available and that if this resulted in public criticism we would merely have to take it.

R. E. Franck to Mr. Jenkins Memo  
RE: HEARNAP; COMMENTS OF  
CONGRESSMAN ROBERT L. F. SIKES

At this point Congressman Sikes calmed down and stated that he is concerned that he knows many other people are concerned, and he does not want to see the FBI take a beating. He was thanked for his forthright comments and told that his observations would be brought to the Director's attention. The Congressman concluded the conversation by asking that he be kept informed insofar as possible of pertinent developments in this matter.

### Result of examination:

Q1 through Qc6 were not associated with material  
maintained in the Anonymous Letter File. Copies have been  
added thereto.

The typewriting on Q1 through Qc6 is too limited  
to classify; however, this typewriting most closely resembles

Laboratory standards for a Setag and a Ransmayer pica style of type, spaced ten characters per horizontal inch. These styles of type are used on typewriters manufactured under brand names including Antares, Remington, Underwood, Halda/Facit, Olivetti, Orga, Royal, R.C. Allen and Smith-Corona.

Qc2, Qc4 and Qc6 are photocopies made utilizing an electrostatic process using a coated paper. These photocopies contain inadequate characteristics to determine the exact brand of copier used; however, these items bear some characteristics that conform to copies made by a copier manufactured by Smith-Corona Marshant (SCM).

Q1 through Qc6 contain no watermarks, indented writing of significance or other characteristics to aid in definitely determining their source. A ten cent U.S. Postal Service stamp, torn from a booklet or booklets of stamps, is affixed to each of the submitted envelopes.

Q1 through Qc6 are attached.

Dear Sir,

I found this note on  
a dollar bill. It is probably  
just a hoax, but I thought  
I would send it to you just  
to be sure.

Thank.
